

Ph. D Programme - 2017

Information Brochure

THE IIHMR UNIVERSITY

Mission

The IIHMR University is dedicated to the improvement in standards of health through better management of healthcare and related programmes. It seeks to accomplish this through management research, training, consultation, and institutional networking in national and global perspective.

Thrust Areas

- Primary Healthcare
- Health and Hospital Management
- Pharmaceutical Management
- Rural Management
- Rural Development
- Population and Reproductive Health Management
- Programme Management and Evaluation
- Management and Networking
- Managing Financial, Material and Human Resources in Healthcare
- Research for Improved Healthcare

Capabilities

- Management Research, Education and Training
- Design and Conduct Management Training
- Networking and Institutional Capacity Development
- Project Implementation and Management
- Operations Research and Evaluation
- Economic and Financial Analysis
- Survey Research
- Social Assessment
- Quality Assurance
- Health Sector Reforms
- Programme Evaluation
- Outreaching to Community for Improved Healthcare

Global Networking and Collaborations

Working together as partners and collaborators for disseminating information and sharing knowledge at the national and global levels is the fundamental ethos of The University. The University has networking with renowned organisations at the national and global levels. Some of these are;

- World Health Organisation
- Johns Hopkins University, Bloomberg School of Public Health, USA
- South-East Asia Public Health Education Institution Network (SEAPHEIN)
- India Public Health Education Institution Network (IndiaPHEIN)
- National Institute of Health and Family Welfare (NIHFW)
- SAARC Tuberculosis and HIV/AIDS Centre (STAC)
- University of Chester, UK
- B.P. Koirala Institute of Health Sciences (BPKIHS), Nepal
- Curtin University, Australia
- Universite de Montreal, Canada
- National Health Systems Resource Center (NHSRC)
- National Accreditation Board for Hospitals and Healthcare Providers (NABH)

The IIHMR University

Established in 1984 in Jaipur, IIHMR is the first of its kind in India, with attention solely focused on health systems management. The University undertakes education, training, research and consultancy in hospital management, health management, pharmaceutical management, rural management, and related fields of health concerns. The Institute of Health Management Research has been established as The IIHMR University vide Act No.3 of 2014 of the Government of Rajasthan. Hereinafter, the organisation will be addressed as The IIHMR University.

World Health Organisation designated The IIHMR University as a WHO Collaborating Centre for District Health Systems based on primary healthcare in South-East Asia Region for its significant contribution to strengthening health systems by promoting and conducting health policy and programme management, research and capacity building. The Ministry of Health and Family Welfare, Government of India identified it as institute of excellence for training and capacity building.

The University's campus is spread over an exquisitely landscaped area of 14.37 acres with a lush green cover, characterized by stark and majestic buildings in stone creating monumental spaces with minimal decor. The serene ambiance has inspired students to strive for excellence. The University is well equipped with student friendly infrastructure. The spacious campus provides the right learning ambience.

The UGC Approval

The IIHMR University has been accorded approval by the UGC vide their letter number F. No. 8-21/2014 (CPP-I/PU) dated October 15, 2015.

Dr. D. A. Henderson Library and Documentation Centre

The IIHMR University Library and Documentation Centre is dedicated to Late Dr. D. A. Henderson, renowned for his outstanding contribution to the eradication of small pox, on May 31, 1996 by His Excellency Frank Wisner, US Ambassador to India.

Dr. D. A. Henderson library and Documentation Centre has a well-balanced collection of books, journals and other learning material. It is committed to providing user-friendly services and easy access to facilities. The library collection is mainly focused on Health Management, Hospital Administration, Public Health, Health Economics, Epidemiology, Population Sciences, Human Resource Management, Management Information Systems, Project Management, Pharmaceutical Management, Rural Management, Computer Science, Procurement and Supply Chain Management of Medical Stores, Economics, Finance, Health Insurance and Managed Care etc. It has a collection of more than 31,000 volumes including text books, reference books, training material, case studies, manuals, reports and conference proceedings. In addition, it has audio and video cassettes, over 130 national and international journals, newsletters, CD-ROM databases, from India and abroad. The library is subscribing to Pro Quest and J-Gate e-Journals database. Library has ProQuest e-Books Database also. It has DELNET (Developing library Network) membership, Indiastat.com, and Popline databases. The library's acquisition, cataloguing, circulation and serial control are totally computerized under Libsys Software with WebOPAC. The library also houses Udai Pareek HRD Resource Centre.

IT Centre

The IT lab is well-equipped with state-of-the-art computing resources. The lab has adequate infrastructure and services which are available round the clock throughout the year. It is equipped with latest servers, desktop computers, laptops, laser printers, video conferencing facility, and technically competent software and hardware professionals. The computer center has fiber optics based wired and Wi-Fi based wireless local area network interconnecting nodes throughout the campus. All the faculty, students and staff members have been provided with latest multi-mode laptops/computers with provision to access LAN, Internet, etc. Besides providing support to the ongoing activities of the university like research, teaching, training and consultancy, the Centre is actively engaged in software development for managing health programmes and hospitals effectively. The entire campus of the university is connected with a state-of-art Wi-Fi network. Every staff member has a networked personal computer/laptop at his/her disposal. The high-speed servers running on, variety of platforms suit all kinds of requirements to support the entire network.

Lecture Halls

All the lecture halls are equipped with required teaching aids and techniques. They are spacious and specifically designed to facilitate participative learning environment. Every lecture hall has a computer connected to the Wi-Fi network that allows the faculty to retrieve relevant information. Few of the lecture halls are provided with interactive display words.

Hostel Facility

The IIHMR University has limited hostel facility on the campus for the students. The University provides spacious, well-furnished and air-cooled hostel facilities with all modern amenities and conveniences.

Sports and Recreation Facilities

A healthy body is an abode for a healthy mind. The IIHMR University therefore conducts various sports and other recreation activities for students. The facilities include swimming pool, gymnasium, tennis court, volleyball court, play grounds, and basketball court, etc. The students celebrate various functions and cultural events at The University.

Board of Management: The IIHMR University

39	Brig. (Dr.) S.K Puri, VSM (Retd.) MD, M.Sc. Defence Studies Advisor (Academic & Student Affairs)	Hospital Management
40	Dr. Suresh Joshi, MD Adjunct Professor	Programme Management
41	Dr. V.K Arora, MBBS, DPH Adjunct Professor	Human Resource Development
42	Mr. A.L Shah, MA, PGDTE, PGDES, LLB Adjunct Professor	English Language Expert
43	Dr. Jigmi Singay, MBBS, MPH (USA) Director International Health and Relation	Public Health

THE Ph. D PROGRAMME

The Ph. D Programme

Introduction

IHMR University has started offering a full-fledged Ph. D programme since 2014 added to its existing postgraduate programme. Although the programme builds on IHMR university's core competencies in the domain of public health, health and hospital management, pharmaceutical management and rural development, the programme is envisaged to be multidisciplinary in nature and allows potential candidates to pursue research on a wide range of topics. The areas of research for the doctoral programme include, but are not strictly restricted to, public health, health and hospital management, nursing management, pharmaceutical management, population and development, health economics and finance, rural and urban health, health communication and behavior change, information technology in the health sector, health systems, food security and nutrition, and rural development. The programme is open to postgraduates and professionals in the field of management, public health and medicine, nursing, Indian System of Medicine (ISM), health economics and finance, demography, rural management/development and relevant social and behavioral science disciplines. There are 20 Seats in the Ph. D programme for batch commencing in 2017. (Part time or full time). Part-time Ph. D will be allowed provided all the conditions mentioned in the extant Ph. D Regulations are met as per the UGC Regulations.

Objectives of the Programme

The Ph. D programme broadly aims at building and strengthening research capacity in three broad thrust areas of IHMR that include i) public health/health systems, ii) pharmaceutical management and iii) rural development. The overarching purpose of the programme is to create a cadre of researchers who are well equipped with necessary skills to undertake evidence-based policy research on issues of contemporary significance related to these areas, with the larger goal of promoting sustainable human development. More specific objectives of the Ph. D programme are:

Building research capacity to strengthen health, pharma, rural and in the mandated disciplines of the University developing a cadre of outstanding academics and management professionals for higher level health, pharmaceutical and rural management teaching and research in postgraduate institutions and universities, health care industry, and Government and consulting organizations.

The programme is designed to enable the students to enhance the research competency and skills of postgraduates, researchers, academicians, teachers and mid-career professionals in private and Government health sectors in policy and programme management research in the health and other sectors.

Duration of the Programme

The minimum programme duration is three years including period of registration. Registration in Ph. D is subject to passing qualifying examination which will be based on the course work in the first year of the programme. Programme has four important mile stones; namely; course work with 16 credits; writing and presenting research proposal, data collection and thesis writing, presentation and submission.

The maximum period allowable to complete Ph. D is six years. The candidate will have to re-register if s/he does not complete Ph. D in six years.

Award of The Degree

The scholar will complete the following requirements before qualifying for the award of the title of Ph. D:

- Successful completion of course-work
- Successful completion of thesis work
- Fulfil publication requirements (Publication of at least one paper in referred journal and two paper presentations in conferences/seminars before submitting thesis)
- Fulfil research/teaching assistantship requirement (If Applicable)

On qualifying for the award of the title, scholars will receive the title of 'Doctor of Philosophy' at the Annual Convocation of the IIMR University.

Eligibility Criteria

Candidates for admission to the Ph. D programme shall have a Master's degree or a professional degree declared equivalent to the Master's or M Phil degree by the corresponding statutory regulatory body, with at least 55% marks in aggregate or its equivalent grade 'B' in the UGC 7-point scale (or an equivalent grade in a point scale wherever grading system is followed) or an equivalent degree from a foreign educational Institution accredited by an Assessment and Accreditation Agency which is approved, recognized or authorized by an authority, established or incorporated under a law in its home country or any other statutory authority in that country for the purpose of assessing, accrediting or assuring quality and standards of educational institutions.

A relaxation of 5% of marks, from 55% to 50%, or an equivalent relaxation of grade, may be allowed for those belonging to SC/ST/OBC (non-creamy layer)/Differently-Able and other categories of candidates as per UGC Guidelines from time to time, or for those who had obtained their Master's degree prior to 19th September, 1991. The eligibility marks of 55% (or an equivalent grade in a point scale wherever grading system is followed) and the relaxation of 5% to the categories mentioned above are permissible based only on the qualifying marks without including the grace mark procedures.

Programme Structure

The programme follows the semester system. There will be 6 semesters spread over the period of three years, with two semesters in each year. Each semester will be equivalent to one term. The Ph. D programme consists of two phases:

The first phase of the programme involves course work followed by a qualifying examination. The second phase requires scholars to work on their thesis, which involves the preparation of a thesis proposal, development of the thesis, and finally an examination based on the thesis. In addition, the full-time Ph. D candidates will have to participate in teaching programme, research projects, case writing, and independent studies, workshops and seminars.

Course Work

Compulsory Courses

These courses are aimed at providing basic knowledge and skills that Ph. D students would require for their Ph. D research. Students are required to take a set of core courses in Research Methodology, Epidemiology, Demography and Population Sciences, Quantitative Techniques, Health Systems and Scientific Writing.

Each student will be required to take course work. If the student has already taken such courses, the course requirement may be waived on case to case basis for individual courses subject to a documentary evidence based credits and transcripts. A scholar must attend all the classes of course work, however, in case of sickness 25 percent attendance may be condoned by Dean Academic and Student Affairs.

Qualifying Criteria for Registration

Following criteria are required to be fulfilled for registration in the Ph. D programme.

- Candidate should have completed the required number of credits for the courses offered and qualified in all the courses. Qualifying marks for all the courses are 50 percent. Examination for the courses will be held after course work.
- Presented at least one seminar in first year during the course work

Thesis

Thesis Proposal

The scholar's research work starts with the identification of a thesis topic (usually based on guidance / advice from Research Supervisor), and getting a Research Advisory Committee constituted for supervision of this research. The Research Advisory Committee would consist of a Research Supervisor (guide) and two other members, based on the relevance of their expertise in the thesis topic. The scholar will work with his / her supervisor to develop a research design, leading to the development of a thesis proposal. He/she will then give an open seminar on the thesis proposal to the IIHMR academic community. In case any modifications are suggested to the proposal, a revised proposal will be presented based on the required modifications. Once the proposal is approved by the Research Advisory Committee, the scholar will seek approval of the Institute's Ethics committee. Thereafter scholars will proceed with the research work. A research scholar is required to appear before Research Advisory Committee to make a presentation of the progress of his/her work for evaluation and further guidance once in every six month.

Thesis Writing

The thesis work of the scholar, in consultation with the supervisor and the Research Advisory Committee, is expected to provide a distinct contribution to know-how in the subject, and should provide evidence of discovery of new facts by the exercise of rigorous research skills. Before submitting the thesis for final examination, the scholar would give an open pre-submission seminar to the IIHMR academic community for comments and suggestions. The scholar will discuss the suitable suggestions given during the seminar to be incorporated in the thesis with his/her Supervisor and the members of Research Advisory Committee.

Thesis Examination

Upon receiving the approval of the Research Advisory Committee and the Supervisor, the Ph. D Coordinator will appoint a Thesis Examination Committee, consisting of the thesis supervisor and two external examiners from reputed institutions from India or abroad. This Committee will examine the thesis and will invite the candidate to an exhaustive oral examination based on the thesis. Based on the comments of the examiners and the oral examination, the thesis could be accepted as it is, accepted after modifications, or rejected.

Submission of thesis may be extended by not more than six months under special circumstances, on a written request by the scholar duly forwarded and recommended by his/her supervisor.

Publication Requirement

The research undertaken by a Ph. D scholar is expected to provide sufficient basis for writing papers in refereed academic journals. One of the objectives of the Ph. D programme is to prepare scholars for such academic work. Hence the final requirement for qualifying for the title of Ph. D is to have at least one paper accepted for publication in a peer reviewed international/ national journal with and presentation of at least two papers in conferences/seminars.

Ph. D Admission Process

Admission Enquiries

Enquires about the admission in any of the program can be sent at the following email: admissions@iihmr.edu.in or through toll free number: 1800 3010 5700

Submission of Application

Candidates aspiring for admission to the Ph. D programme may apply online or download the application form from our website: www.iihmr.org/www.iihmr.edu.in

Duly completed application forms with all supporting documents may be sent by post along with a demand draft of Rs. 1,000/- drawn in favour of 'Institute of Health Management Research', payable at Jaipur.

An application will be considered only when it is received with all documentary evidences and the application fee. The application fee is non-refundable.

Admission Process

The admission process will include three steps: screening of applications, IIHMR Research Aptitude Test (IRAT) and personal interview.

IIHMR Research Aptitude Test (IRAT)

The IIHMR University will conduct a qualifying test after screening of applications and short-listing candidates. IRAT will be a written test consisting of multiple choice questions from English language proficiency, reasoning, basic quantitative analysis and research aptitude. The Test will be conducted at IIHMR University, Jaipur on the date that will be communicated separately.

Exemption from IRAT: The following categories will be exempted from the written IRAT:

UGC CSIR qualified JRF & NET, SLET, GATE and Teacher Fellowship holder and have passed M Phil programme in relevant subjects.

Personal Interview

Personal interview will be conducted on the day of IRAT or next day after IRAT at the IIHMR University, Jaipur. All categories of candidates will be required to appear in the PI. At the time of interview the candidates are required to discuss their research interest/area through a presentation.

Important Dates

Last date for submission of the Application Form: January 15, 2017

IRAT & Personal Interview: February 24-25, 2017

Fee Structure

The selected candidates will have to deposit the fees as per the schedule provided by the Institute. The fee includes the following:

Tuition Fee (Indian Rupees)

1st Semester Rs. 65000* (March of year of admission)

2nd to 6th Semester 50000* per Semester (By 1st April and 1st October of every year)

If the candidate is not able to complete thesis work by the end of third year, he/she will be required to pay fee for the additional semester (s).

Fee of Ph. D. 2017-20 Batch is Rs. 3,15,000/- which includes the caution money of Rs. 5,000/- *

Late Fee Fine

Fee for each semester may be accepted with late fee fine of Rs. 100 per day (Maximum for 60 days)

Mode of Payment

Fees can be paid through DD/RTGS/NEFT and should be paid in favour of “**Institute of Health Management Research**” payable at Jaipur

Bank details

Bank name: IndusInd Bank, Jaipur Branch, Sangam Complex, Church Road Jaipur - 302001

Account Number: 200999638745

IFSC Code: INDB000001

Accommodation

Accommodation is available on payment basis as per the norms for students, on the IIHMR campus.

Please contact Mr. Achaleshwar Singh (achal@iihmr.edu.in) for boarding and lodging.

Financial Assistance

Sequence of events:

Admission

Date of IRAT	24 February 2017
Date of Interview	24 and 25 February 2017
Publish Result	25 February 2017

Fee deposition

Selection letters & fee deposit information	11 March Year 2017
Fee Deposit	Within 10 days of result declaration

Course Work

Intimation of First Course Work	By third week of March 2017 to candidates deposited fees
First Course work commences	1st April 2017
Second Course work commences	1st July Year 2017
Third Course work commences	7th October 2017
Fourth Course work commences	6th January 2018
Declaration of results of all course work	By 3rd February 2018

Registration

Registration of successful candidates	3rd March Year 2018
Research Proposal Presentation (after approval of guide)	By last week of June, September, December Year 2018 and March Year 2019
Resubmission of research proposal after rectification of observations	Last week of August, November Year 2018 and February and May Year 2019
Research Proposal along with tools clearance from IRB	Fourth Saturday of September, December of Year 2018 and March, June of Year 2019

Thesis

To work on thesis	One Year- after approval of Proposal
Thesis Pre-submission seminar (after approval of guide)	Within one month after approval of Guide
Thesis submitted to guide after modification incorporating suggestions	Within three months of Pre-submission seminar
Thesis synopsis to be sent to external examiner for approval	Within one month after thesis submission
Receive approval from external examiner	Within 1 month
If approved thesis to be sent to external examiner	Within 1 month after having approval from external examiner
Time to be given to external examiner for thesis approval	Three months depending on the external examiner
Viva on thesis	Within one month after receiving the approval of external examiner (excluding thesis rejected asked for re writing)

Convocation

IIHMR University Convocation	May/June (Final dates to be decided yearly)
------------------------------	---
