

Management Development Program on

MULTIPLE INTELLIGENCE for MANAGERS AND LEADERS

February 27- March 3, 2018

CONTEXT:

Music or Mathematics, Verbal or Visual, Intrapersonal or Interpersonal, Emotional or Rational; what defines you the BEST?? May be it is not the *OR* but the *AND* like Music and mathematics and visual and verbal and interpersonal and intrapersonal and emotional and rational; you would like to explore ALL.

WELCOME TO THE WORLD OF MULTIPLE INTELLIGENCE!!!

Never before the human society was more inclusive, more connected and more appreciative of the diversity amongst its own race than it is today. Although the theory and concept of Multiple Intelligence dates back to five decades, the modalities of multiple intelligence were never so relevant as they are in the hyper-connected, whopper-paced and dynamic world of present times.

The framework of multiple intelligence goes beyond the tenets of understanding oneself and offers hope for holistic development of a balanced integrated personality both in personal and professional sense.

IIHMR University, dedicated to improvement in standards of management and research in multi-sectoral realms with special emphasis on health through better management of healthcare and related programmes, is pleased to offer a comprehensive programme on MULTIPLE INTELLIGENCE for MANAGERS AND LEADERS, that will not only attempt to expose the participants to the concepts and premises of Multiple Intelligence but also help them consolidate competencies and skills to manage their roles effectively and efficiently in all domains of life.

OBJECTIVES:

At the end of the programme the participants will be able to :

1. Envision the multi-modality environs in which they thrive in life
2. Identify their most developed “intelligences” over their life space
3. Use tenants of multiple intelligence for making informed choices
4. Deploy the learnings of new perspective to their managerial and leadership roles
5. Demonstrate chosen competencies related to various types of intelligences

CONTENTS OF THE PROGRAMME:

The programme will deliver the objectives through following proposed contents

1. Reversing the looking Glass: from single general ability to multiple specific modalities
2. The Framework of Multiple Intelligence : musical-rhythmic, visual-spatial, verbal-linguistic, logical-mathematical, bodily-kinesthetic, interpersonal, intrapersonal, and naturalistic
3. Developing specific Intelligences
4. Appreciating differences: from Exclusion to Inclusion
