Terms and conditions

- 1) It will be deemed that you have accepted this invoice in full in the event you have not lodged any written objection with us within 30 days of receipt of this invoice.
- 2) To avoid disconnection of service you are requested to pay the full amount by the due date mentioned in the invoice. An interest of 18% per annum will be charged on the amount remaining unpaid after the due date.
- 3) All cheques/demand drafts in payment of invoice should be drawn in favour of "Tata Communications Limited".
- 4) Kindly include invoice number along with your payment to ensure correct and timely processing.

5) IMPORTANT REGULATORY NOTICE :

As per the notification issued by Department of Telecommunications vide circular no. 20-271/2010 AS-I (Vol. III) dated 21.12.2021, the time period for storage of Network Address Translation (NAT) system logs, which are part of the IP Detail Record (IPDR) has been changed from a minimum of One (1) year to be stored for a minimum of Two (2) years. You are hereby notified to record and maintain the NAT system log parameters for a period of two years as per the latest directive and share them with Tata Communications as and when required.

Charge calculation method

- 1) For products which are charged annually -
Full year charge = Annual charges
Pro-Rata days = $((\text{Annual charges}/365) * \text{no. of days})$
- 2) For products with other charge frequency -
Full month = $(\text{Annual charges} / 12 * \text{number of months})$
Pro-Rata days = $((\text{Annual charges}/12) / \text{number of days in the calendar month}) * \text{no. of days}$

Note : This refers to the product's charge frequency and not the customer's invoice frequency.

What is prorate?

Some products and services are billed one month in advance. If you sign up for one of these services in the middle of your billing period, your charges for that time period will be less than a full month's charge. This partial month charge is called a prorate.

What is a minimum commitment charge?

A minimum usage charge is the difference between your monthly usage guarantee, as agreed upon in your service contract, and your monthly usage. This charge will only appear on your invoice if your monthly usage falls below your monthly usage guarantee.

In addition, recurring charges will appear on Invoices as agreed upon in order form/service contract.
