**Subject:** Selection for value-added courses

Dear Students,

Greetings from IIHMR University!

Explore the value-added courses that are relevant to your chosen career path. Look for courses that can provide you with specialized knowledge or skills.

You are hereby requested to choose the one out of the six specializations offered by the University in click on the below link: <https://forms.office.com/r/gpTdtmzqsv>

Final confirmation regarding this, will be shared with you after reviewing the entire selection.

Last date of submission is **July 18, 2023, at 12.00PM.**

Best Wishes,  
Academics

**Subject:** Classroom venue for the value-added courses schedule from July 28, 2023

Dear Students,

Kindly note the below classroom venue for the value-added courses schedule from Friday July 28, 2023.  
The class timings will be from 10:00 AM to 05:00 PM.  
This is for your information.

| S.no | Value Added Courses                            | Faculty Coordinator | Venue/Room Number     |
|------|------------------------------------------------|---------------------|-----------------------|
| 1    | Statistical Package for Social Sciences (SPSS) | Dr. Arindam Das     | LH-08 (Second Floor)  |
| 2    | Advance Excel                                  | Mr. Manoj Soni      | LH-11 (Second Floor)  |
| 3    | Statistics with STATA                          | Mr. Ashish Bandhu   | T-01 (Ground Floor)   |
| 4    | Block Chain for Healthcare                     | Dr. Ashok Peepliwal | LH-09 (Ground Floor)  |
| 5    | Data Analytics Techniques                      | Mr. Rahul Sharma    | LH-12 (Second Floor)  |
| 6    | Data Analysis and Visualization                | Dr. Anupam Mehrotra | LH-16 (IT Auditorium) |

Best Wishes

(Value Added Course)  
Course Plan**

## 1. Course Information

|                          |                                          |
|--------------------------|------------------------------------------|
| <b>Course Title:</b>     | <b>Data Analysis &amp; Visualization</b> |
| <b>Course Code</b>       | VAC-030                                  |
| <b>Course Instructor</b> | Dr Anupam Mehrotra                       |

## 2. Program Outcome (PO)

- To develop skills in conducting basic data analysis (descriptive statistics).
- To develop skills in data visualization.
- To gain knowledge to make data-driven decisions using data visualization software.
- To enhance decision-making skills and enable program participants to take evidence-based decisions.
- To learn and create high-quality charts and live dashboards they could use during their dissertation.

## 3. Course Description

The “Data Analysis and Visualization” course provides participants a basic understanding of various data analytics techniques. Participants will learn essential concepts, methods, and tools used in data analytics to effectively analyze and interpret data, enabling them to make informed decisions and drive organizational success.

## 4. Course Objective

- To introduce participants to the fundamental concepts and basics of data analysis.
- To introduce the participants to the basics of data management.
- To learn the basics of how to prepare the data for creating visualizations.
- To learn the basics of data visualization and its techniques using visualization software.
- To provide hands-on experience with Microsoft Excel and Power Bi.
- To gain a basic understanding of creating offline and live data dashboards.

## 5. Course Outcome

After the course, students should be able to

|             |                                                                                                                                                                                     |
|-------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>CO 1</b> | Conduct basic analysis using Microsoft Excel or any Statistical Software.                                                                                                           |
| <b>CO 2</b> | Apply data processing and cleaning techniques to handle missing data, outliers, preparing data for analysis, data quality issues, and converting string to numeric (vis-versa) etc. |
| <b>CO 3</b> | Perform analysis based on the data type and decide which chart/graph fits a particular data type.                                                                                   |
| <b>CO 4</b> | Create visually exciting and informative data visualisations using Microsoft Excel and Power Bi.                                                                                    |
| <b>CO 5</b> | Create a live dashboard using Power Bi.                                                                                                                                             |
| <b>CO 6</b> | Generate insights from the visualisations and dashboards.                                                                                                                           |

## 6. Course Articulation Matrix (Interrelation between CO and PO):

| Outcomes | CO 1 | CO 2 | CO 3 | CO 4 | CO 5 | CO 6 |
|----------|------|------|------|------|------|------|
| PO1      | 3    | 3    | 2    | 1    | 1    | 1    |
| PO2      | 2    | 2    | 3    | 3    | 1    | 1    |
| PO3      | 2    | 1    | 1    | 2    | 3    | 3    |
| PO4      | 2    | 1    | 2    | 3    | 3    | 3    |
| PO5      | 1    | 1    | 2    | 3    | 3    | 2    |

**Note:** Enter 1, 2 or 3 in the cell if the respective CO is related to the respective PO. Here, 3 denotes **high** strength of correlation between CO and PO, 2 denotes **medium** strength of correlation between CO and PO and 1 denotes **weak** strength of correlation between CO and PO.

## 7. Course Pedagogy

The course will be covered by classroom lectures augmented by hands-on practice, individual assignments, discussions, and creating live dashboards.

## 8. Course Requirement

Effective learning requires the active participation of students in class, and it is therefore desired that every student report to the class well-prepared to present and defend his/her ideas. Preparation for the class calls for pre-reading the topics/cases to be discussed later. Further, for meaningful discussion of the cases, the students must come ready with their case analysis identification, genesis of, and recommendations to resolve the problem(s).

## 9. Course Syllabus

| Unit   | Content/ Topics                                                                                                                                                                                    | CO         | Bloom's Learning (BL) Levels |
|--------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------|------------------------------|
| Unit 1 | Introduction to Data Analytics <ul style="list-style-type: none"> <li>• Understanding the data analysis</li> <li>• Basic Analysis</li> <li>• Data Processing</li> <li>• Data management</li> </ul> | 1, 2, 3    | 1, 2                         |
| Unit 2 | Data Analytics Tools <ul style="list-style-type: none"> <li>• Microsoft Excel</li> <li>• STATA</li> </ul>                                                                                          | 1, 2, 3, 4 | 1, 2, 3, 4                   |
| Unit 3 | Data Visualization Tools <ul style="list-style-type: none"> <li>• Microsoft Excel</li> <li>• Power Bi</li> <li>• Google Dashboard</li> </ul>                                                       | 4, 5       | 2, 4, 5, 6                   |
| Unit 4 | Dashboards <ul style="list-style-type: none"> <li>• Creating Live Dashboards using Power Bi</li> </ul>                                                                                             | 5          | 2, 4, 5, 6                   |
| Unit 5 | Generating Insights from Data Visualization                                                                                                                                                        | 6          | 3, 4, 5                      |

**Note:** Please enter appropriate BL levels against each unit in the above table. The Bloom's Taxonomy Levels are as follows:

BL1: Remember

BL2: Understand

BL3: Apply

BL4: Analyse

BL5: Evaluate

BL6: Create

## 10. Course Policies

This course abides by the University's policies, which can be found in the Student Handbook. Please note the following:

**Attendance:** Students must maintain a minimum attendance of 75% to be eligible to appear in the End-Term Examination of the course. Please refer to the student handbook for further details.

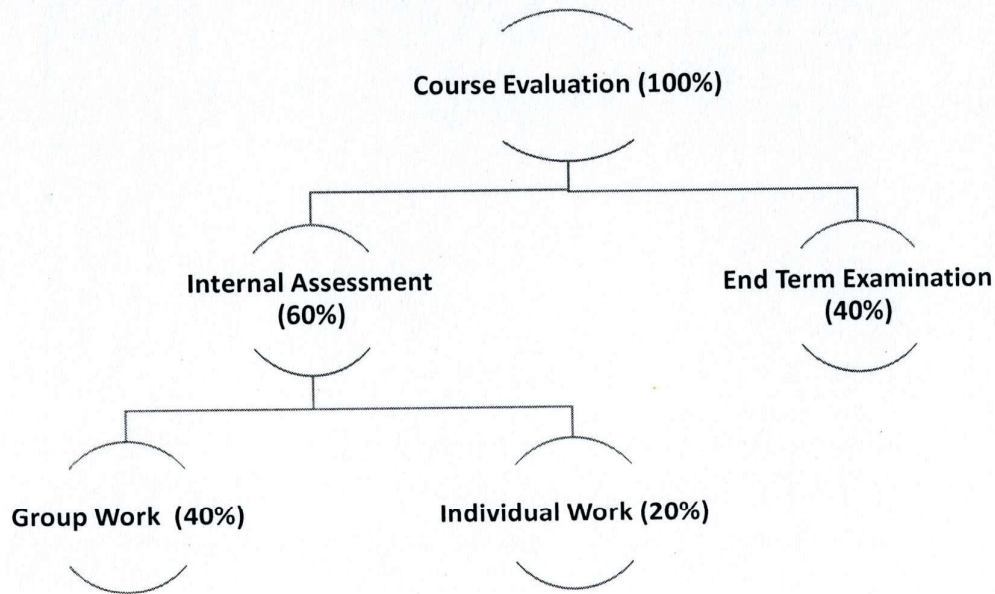

**Email:** Each student has an email id and a password provided by the University. Students will receive course-related information in this email. Students are advised to check this email for updates on the course regularly.

## 11. Course Assessment

Students' performance in the course will be evaluated by following two components, with 50% weightage to each component:

1. Internal Assessment (60%)
2. End-Term Examination (40%)

**Internal Assessment:** The internal Assessment will be divided into two parts, with the weightage below.

1. Group Work (40%)
2. Individual Work (20%)

**Continuous Internal Assessment (CIA):** The Continuous Internal Assessment will be of 60 % weightage. The faculty will conduct the Continuous Internal Assessment of the students by using at least two methods of Assessment from the methods given below:

1. Home Assignments (Individual / Group)
2. Viva-Voce
3. Case Study
4. Review Paper
5. Group Work
6. Presentations
7. Model Development Role-Play
8. Rapid Fire Questions
9. Quiz
10. Class Assignments (Individual / Group)
11. Posters
12. Class Participation

*[Signature]*

Registrar  
The IIHMR University  
1, Prabhu Dayal Marg  
Near Sanganer Airport, Jaipur-302029

**End-Term Examination (ETE):** It carries 40 % weightage, covering the full syllabus of the course. The end-term examination will be of a maximum of 20 marks to be completed in a maximum of three hours. The end-term examination will be conducted on the scheduled date published by the Controller of Examination.

### 12.CO and Assessment Alignment Matrix:

| S. No. | Activity                               | CO1 | CO2 | CO3 | CO4 | CO5 | CO6 |
|--------|----------------------------------------|-----|-----|-----|-----|-----|-----|
| 1.     | Home Assignments (Individual / Group)  | √   | √   | √   | √   | √   | √   |
| 2.     | Viva-Voce                              |     |     |     |     |     |     |
| 3.     | Case Study                             |     |     |     |     |     |     |
| 4.     | Review Paper                           |     |     |     |     |     |     |
| 5.     | Group Work                             |     |     |     | √   |     |     |
| 6.     | Presentations                          |     |     |     |     |     | √   |
| 7.     | Model Development Role-Play            |     |     |     |     |     |     |
| 8.     | Rapid Fire Questions                   |     |     |     |     |     |     |
| 9.     | Quiz                                   |     |     |     |     |     |     |
| 10.    | Class Assignments (Individual / Group) | √   | √   | √   | √   | √   | √   |
| 11.    | Posters                                |     |     |     |     |     |     |
| 12.    | Class Participation                    | √   | √   | √   | √   | √   | √   |
| 13.    | Internal Assessment                    | √   | √   | √   | √   | √   | √   |
| 14.    | End Term Examination                   | √   | √   | √   | √   | √   | √   |

**Note:** Please tick the relevant cell to show the respective alignment

### 13.Session Plan

| Day/Date | Session | Time                | Topic/Contents            | Pedagogy          |
|----------|---------|---------------------|---------------------------|-------------------|
| Day 1    | 1       | 10:00 AM - 11:30 AM | Basics of Data Management | Slides & Hands-on |
|          | 2       | 11:30 AM - 1:00 PM  | Basics of Data Analysis   | Slides & Hands-on |
|          | 3       | 2:00 PM - 3:30 PM   | Data Analysis using Excel | Software Hands-on |
|          | 4       | 3:30 PM - 5:00 PM   | Data Analysis using STATA | Software Hands-on |
