IIHMR UNIVERSITY, JAIPUR
EVENT OUTCOME REPORT
“Know your Alumni Episode 35”

“Know your Alumni Episode 35”	
TOPIC: How to enter the Pharmaceutical Consulting World	
DATE: 25 th July 2022 from 5:00pm to 6:00pm.	
VENUE: IIHMR University, Jaipur, India	
SPEAKER: Mr. Rajesh Chauhan, Engagement Manager, IQVIA Delhi	
NUMBER OF PARTICIPANTS: 43 Participants	
INTRODUCTION: The 35 th episode of the Know Your Alumni series, titled " How to enter the Pharmaceutical Consulting World," took place on 25 th July 2022 at IIHMR University, Jaipur. The session was moderated by Dr. Saurabh Kumar Banerjee, Dean- SPM at IIHMR University. The guest speaker was Mr. Rajesh Chauhan, an alumnus of Batch - SPM (2009 - 11), IIHMR University, Jaipur. The session, coordinated by Mr. Faizan M. Khadiwala, MBA PM student.	
OBJECTIVE: The objective of " How to Enter the Pharmaceutical Consulting World " is to provide guidance and actionable insights for individuals who are interested in transitioning into or starting a career in pharmaceutical consulting. This could be aimed at professionals from scientific, medical, business, or regulatory backgrounds who want to leverage their expertise in a consulting role. Key objectives of such a guide or presentation might include: 1.Explaining the Role of a Pharmaceutical Consultant 2. Identifying Required Skills and Experience 3. Outlining Career Pathways 4. Providing Steps to Get Started 5. Highlighting Challenges and Opportunities	

Salient Novel Points Covered:

Here are Salient and Novel Points for "*How to Enter the Pharmaceutical Consulting World*"—these go beyond basic advice to offer more strategic, less commonly discussed insights:

1. Leverage Cross-Disciplinary Expertise
2. Niche Specialization = Competitive Edge
3. Regulatory & Compliance Trends Are Goldmines
4. Think Like a Problem-Solver, not a Service Provider
5. Client Discovery and Pitching is a Learnable Skill
6. Freelance Platforms Are Just a Launchpad, Not the Endgame

ROLE: The role of "*How to Enter the Pharmaceutical Consulting World*"—as a guide, article, presentation, or workshop—is to empower professionals with the knowledge, tools, and strategic direction needed to successfully transition into or start a career in pharmaceutical consulting.

1. Career Navigation Tool
2. Skill and Competency Framework
3. Market Orientation Resource
4. Strategic Entry Guide

Q&A and Interactive Session: Here's a well-structured Question & Answer (Q&A) and Interactive Session format for a workshop or webinar on "*How to Enter the Pharmaceutical Consulting World*." This session is designed to engage your audience, clear misconceptions, and provide practical insights.

Common Audience Questions & Model Answers

Q1: Do I need a PhD to become a pharmaceutical consultant?

A: No, not necessarily. While advanced degrees can be helpful, relevant industry experience, regulatory knowledge, or niche expertise (e.g., in clinical trials or market access) can be just as valuable.

Q2: How do I find my first consulting client?

A: Start by tapping into your existing professional network. You can also leverage platforms like **Kolabtree**, **Upwork**, or **Total** to build your portfolio, then gradually transition to direct clients.

Q4: Can I consult part-time while working a full-time job?

A: Yes, many professionals start that way. Just ensure there's no conflict of interest with your employer and be clear about your availability to clients.

Future Scope: The future scope of entering the pharmaceutical consulting world is highly promising, driven by dynamic industry needs, technological transformation, and regulatory complexity. Here's a breakdown of the key future trends and opportunities:

1. Rising Global Pharma Demand
2. Digital Health & AI Integration
3. Real-World Evidence (RWE) and Health Economics
4. Regulatory Complexity & Global Harmonization
5. Biotech Boom
6. Personalized & Precision Medicine
7. Pharma-Big Tech Collaboration
8. Training & Upskilling Opportunities

The pharmaceutical consulting field is expanding rapidly, becoming more interdisciplinary, tech-driven, and globalized. Entering now positions professionals to ride this wave and specialize in high-demand niches.

Appropriate caption for the webinar: Here are several **appropriate and impactful caption options** for "*Enter the Pharmaceutical Consulting World*", depending on your focus (e.g., educational, motivational, professional):

Professional/Informative Captions:

1. "Your Strategic Pathway into Pharmaceutical Consulting"
2. "Breaking Into Pharma Consulting: Skills, Strategy, Success"
3. "From Science to Strategy: Navigating the Pharma Consulting Landscape"
4. "The Insider's Guide to Launching a Career in Pharmaceutical Consulting"

Motivational/Inspirational Captions:

5. "Turn Your Pharma Expertise into a Consulting Powerhouse"
6. "Where Science Meets Strategy — Begin Your Consulting Journey"
7. "Redefine Your Career: Step Boldly into Pharmaceutical Consulting"

Market-Driven/Trend-Focused Captions:

8. "Shaping the Future of Pharma — One Consultant at a Time"
9. "Join the Global Shift: Consulting in the New Pharma Era"
10. "Capitalize on the Pharma Boom — Become a Trusted Consultant"

“Know Your Alumni” Episode No. 36

“Know Your Alumni Ep No. 36”
Topic: - “Role of Private Sector Advisories and consulting firms in Global Public Health and Healthcare industry, The career and growth opportunities for public health and healthcare young professionals”
Date: - 29 Jul 2022 from 5.00 PM to 6:00 PM
Venue: - Online
Speaker: - Mr. Vikas Agarwal, Regional Health Lead and Coordinator, Fleming fund - South Asia, PGDHM Batch 5 (2000-2002)
Number of participants: - 50
Introduction: - This session featured: - Mr. Vikas Agarwal, Regional Health Lead and Coordinator. The event was moderated by Dr. (Col) Mahender Kumar , Professor, School of IHMR, and student moderator Ms. Divya Khanduri from the MBA HM 26 batch.
Objective: - The objective of this session was to apprise student about the Role of Private Sector Advisories and consulting firms in Global Public Health and Healthcare industry, The career and growth opportunities for public health and healthcare young professionals.
Salient Novel Points Covered: Role: Mr. Vikas Agarwal highlighted the crucial Role of Private Sector Advisories and consulting firms in Global Public Health and Healthcare industry, The career and growth opportunities for public health and healthcare young professionals. Challenges and Opportunities: - Role of Private Sector Advisories and consulting firms in Global Public Health and Healthcare industry. - The career and growth opportunities for public health and healthcare young professionals. Q &A and Interactive Discussion: The session encouraged active participation from students, who asked insightful questions based on the industry requirement and the skills needed to work in the future.
Future Scope: Private sector advisories and consulting firms play a significant role in global public health and the healthcare industry by offering a range of services that enhance efficiency, effectiveness, and reach of health initiatives. Their roles can be categorized into several key areas: 1. Strategic Planning and Policy Development: 2. Health System Strengthening: 3. Data Analytics and Research: 4. Technology Integration:

5. Capacity Building and Training:
6. Financial Management and Fundraising:
7. Project Management and Implementation:
8. Risk Management and Crisis Response:
9. Regulatory Compliance and Governance:
10. Market Access and Product Development:

Overall, private sector advisories and consulting firms bring a wealth of expertise, resources, and innovative approaches to the global public health and healthcare industry. Their contributions help improve health outcomes, enhance system efficiency, and drive sustainable health initiatives worldwide.

For young professionals in public health and healthcare, numerous career and growth opportunities exist across various sectors, including government, non-profit organizations, private industry, and academia. Here are some promising paths and opportunities for growth in this field:

Career Paths

1. Government Agencies and Public Health Departments:
 - Epidemiologist: Focus on the study and analysis of disease patterns.
 - Health Educator: Develop programs and materials to educate the public on health issues.
 - Public Health Analyst: Analyze data to inform public health policies and programs.
2. Non-Profit Organizations and NGOs:
 - Program Coordinator/Manager: Oversee health programs and initiatives.
 - Policy Advisor: Work on health policy development and advocacy.
 - Community Health Worker: Engage with communities to promote health and wellness.
3. Healthcare Providers and Hospitals:
 - Healthcare Administrator: Manage operations in hospitals or clinics.
 - Clinical Research Coordinator: Oversee clinical trials and research projects.
 - Infection Control Specialist: Develop protocols to prevent the spread of infections.
4. Consulting and Advisory Firms:
 - Health Consultant: Provide strategic advice to improve health systems and services.
 - Data Analyst: Analyze health data to drive decision-making.
 - Project Manager: Lead health-related projects and initiatives.
5. Pharmaceutical and Biotechnology Companies:
 - Regulatory Affairs Specialist: Ensure compliance with health regulations.
 - Health Economist: Analyze economic factors affecting health care.
 - Medical Science Liaison: Serve as a bridge between the company and healthcare professionals.
6. Academic and Research Institutions:
 - Research Scientist: Conduct studies to advance public health knowledge.
 - Professor/Lecturer: Teach and mentor students in public health.
 - Public Health Researcher: Focus on specific health challenges and solutions.

Growth Opportunities

1. Advanced Education and Certifications:
 - Pursuing advanced degrees such as a Master of Public Health (MPH), Doctor of Public Health (Dr PH), or a PhD can open up higher-level positions.

- Certifications like Certified in Public Health (CPH) or Project Management Professional (PMP) can enhance credentials.

2. Professional Development:

- Attend workshops, seminars, and conferences to stay updated on industry trends and network with professionals.
- Engage in continuing education through online courses and training programs.

3. Networking:

- Join professional associations like the American Public Health Association (APHA) or local public health societies to build connections.
- Participate in mentorship programs to gain insights and guidance from experienced professionals.

4. Research and Publication:

- Contribute to academic journals and present findings at conferences to build a reputation in the field.
- Collaborate on research projects to expand expertise and impact.

5. Leadership Roles:

- Seek leadership and management positions in projects or organizations to develop administrative and strategic skills.
- Volunteer for committees or boards in professional associations.

6. Specialization:

- Focus on niche areas such as global health, environmental health, epidemiology, health policy, or biostatistics to become an expert in a specific field.
- Gain experience in emerging fields like digital health, health informatics, and telemedicine.

Emerging Fields

1. Digital Health and Health Informatics:

- Opportunities in the development and implementation of health technologies, electronic health records (EHRs), and data analytics.

2. Global Health:

- Work on international health issues, travel for fieldwork, and engage in cross-border health initiatives.

3. Health Policy and Management:

- Focus on developing and implementing policies that impact public health and healthcare systems.

4. Environmental Health:

- Address health issues related to environmental factors, such as pollution, climate change, and occupational health.

By exploring these career paths and growth opportunities, young professionals in public health and healthcare can build fulfilling careers and contribute significantly to improving global health outcomes.

“Know Your Alumni”

“Know Your Alumni Ep No. 37”
Topic: - “Healthcare Top 10 Trends”
Date: - 04 Aug 2022 from 4.00 PM to 5:00 PM
Venue: - Online, IIHMR University, Jaipur
Speaker: - Dr. Vikram Singh Chouhan I PGDHM (2008-10) Batch 13, EHCC, Jaipur
Number of participants: - 100
Introduction: - This session featured: - Dr. Vikram Singh Chouhan The event was moderated by Dr. (Col) Mahender Kumar , Professor, School of IHMR, and student moderator Ms. Ridhima Vyas from the MBA HM 26 batch.
Objective: - The objective of this session was to appraise students for the Healthcare Top 10 Trends and its importance.
Salient Novel Points Covered: Role: Dr. Vikram Singh Chouhan highlighted the crucial role of Healthcare Top 10 Trends in the Healthcare industry, emphasizing the need for thorough compliance strategies and effective performance analysis for success. Challenges and Opportunities: - Healthcare Top 10 Trends - will require adaptable strategies for market penetration. Q &A and Interactive Discussion: The session encouraged active participation from students, who asked insightful questions based on the industry requirement and the skills needed to work in the future.
Future Scope: The healthcare industry is continuously evolving, driven by advancements in technology, shifts in policy, and changing patient needs. Here are the top 10 trends currently shaping healthcare: 1. Telemedicine and Telehealth - The adoption of telemedicine has surged, providing remote consultation, diagnosis, and treatment. It enhances access to healthcare, especially in rural and underserved areas. 2. Artificial Intelligence (AI) and Machine Learning - AI and machine learning are transforming diagnostics, predictive analytics, and personalized medicine. These technologies help in identifying patterns and predicting patient outcomes more accurately. 3. Wearable Technology and Remote Monitoring - Wearable devices such as fitness trackers, smartwatches, and remote monitoring tools enable continuous health monitoring, improving chronic disease management and preventative care. 4. Value-Based Care - There's a growing emphasis on value-based care models that focus on patient outcomes rather than the volume of services provided. This approach aims to improve quality while reducing costs.

5. Genomics and Precision Medicine

- Advances in genomics and precision medicine are allowing for more personalized treatment plans based on an individual's genetic makeup, improving efficacy and reducing side effects.

6. Digital Health Records and Interoperability

- Electronic Health Records (EHRs) and efforts towards interoperability are improving data sharing across healthcare systems, enhancing coordination of care and patient outcomes.

7. Mental Health Awareness and Treatment

- Increased awareness and destigmatization of mental health issues are leading to better access to mental health services and integration of mental health into primary care.

8. Robotics and Automation

- Robotics and automation are being used in surgeries, hospital management, and drug manufacturing, increasing precision, efficiency, and safety.

9. Blockchain in Healthcare

- Blockchain technology is being explored for secure, transparent, and efficient management of medical records, ensuring data integrity and enhancing cybersecurity.

10. Health Equity and Social Determinants of Health

- There is a growing focus on addressing health disparities and social determinants of health, recognizing that factors like socioeconomic status, education, and environment significantly impact health outcomes.

These trends indicate a significant shift towards more integrated, efficient, and patient-centered healthcare systems. Embracing these trends can lead to improved healthcare delivery, better patient experiences, and enhanced overall health outcomes.

EVENT OUTCOME REPORT

“Know Your Alumni Episode No 39”

“Know your Alumni Episode No 39”
Topic: - “Market Access in Pharmaceutical Industry”
Date: - 12 th August 2022 from 5:00 pm to 6:00 pm
Venue: - IIHMR University, Jaipur
Speaker: - Ms. Neha Nupoor, Manager- Market Engagement, Novartis, Hyderabad, Telangana,
Number of participants: - 60 students from pharmaceutical management.
Introduction: - The 39 th episodes of the Know Your Alumni titled - Market Access in Pharmaceutical Industry on 12 th August 2022 from 5:00 pm to 6:00 pm Ms. Neha Nupoor, Manager- Market Engagement, Novartis, Hyderabad, Telangana, Dr. Saurabh Kumar Banerjee (Alumnus SPM. 2009_11) the moderator of the Master Class and the whole session was based on interaction and understanding Market access in pharmaceutical industry.
Objective: - The objective of this regulatory session was to enhance understanding and proficiency of the market and growth of Pharmaceutical Industry.
Salient Novel Points Covered: Role: - Ms. Neha Nupoor, Manager- Market Engagement, Novartis, Hyderabad, Telangana, shared the market understanding and how the pharma organizations are playing a vital role in the sector growth and transforming the healthcare industry. Challenges and Opportunities: -How to understand the Market of pharma organization and industry. -How to grow in the sector in terms of working and business force. -How to make one can make use of healthcare sector and collab with the pharma companies and change the narrative of market. Q &A and Interactive Discussion: The session encouraged active participation from students, who asked insightful questions based on the industry and evaluation of the pharmaceuticals organization.
Future Scope: India has established itself as a global leader in the production and export of generic drugs. The country's cost-effective manufacturing capabilities and skilled workforce make it a preferred destination for pharmaceutical outsourcing. With advancements in biotechnology and increasing focus on research and development (R&D), the Indian pharmaceutical industry has the potential to become a hub for innovative drug discovery and development. India's growing population and rising middle class present opportunities for expansion in the domestic market. Overall, the future scope of the pharmaceutical industry in India is bright, driven by factors such as globalization, technological advancements, regulatory reforms, and increasing healthcare needs

“Know Your Alumni Episode No 40”
Topic: - “MBA Rural Management and Becoming Public Health Professional”
Date: - 19 th August 2022 from 5:00 pm to 6:00 pm
Venue: - LH-15, IIHMR University
Speaker: - Mr. Manish Kalwaniya , District Specialist- RMNCH+N & Community Outreach, IHAT, UP.
Number of participants: - 25 students from Developmental management
Introduction: - The 40 th episodes of the Know Your Alumni titled - on - “MBA Rural Management and Becoming Public Health Professional “on 19 th August 2022 from 5:00 pm to 6:00 pm: Mr. Manish Kalwaniya, District Specialist- RMNCH+N & Community Outreach, IHAT, UP. by IIHMR university Prof. Rahul Ghai PGDRM (2010 - 12) Batch 4 as the moderator of the Master Class and the whole session was based on interaction and understanding the rural management and how to become a public health professional in India.
Objective: - The objective of this regulatory session was to enhance understanding and proficiency of the market and growth of Pharmaceutical Industry.
Salient Novel Points Covered: Role: - Mr. Manish Kalwaniya, District Specialist- RMNCH+N & Community Outreach, IHAT, UP. Shared the views on how the one can enhance his/her skills to grow in the public health sector and how one can utilize his or her full potential in the sector and how it can impact the world and India. Challenges and Opportunities: -How to understand the calling and working in the public health sector. -How to enter the profession and how to choose the right project in public health. -How to make one can make use of healthcare sector and jump from various industries into public health. Q &A and Interactive Discussion: The session encouraged active participation from students, who asked insightful questions based on the rural development industry and about the public health industry and profession.
Future Scope: India faces various public health challenges, including infectious diseases, non-communicable diseases (NCDs), maternal and child health issues, malnutrition, and environmental health hazards. With the increasing burden of diseases and emerging health threats, there is a growing demand for skilled epidemiologists and disease surveillance experts. Promoting healthy behaviors and preventing disease through health education, community mobilization, and behavior change interventions are integral components of public health practice. Overall, the future scope of becoming a public health professional in India is diverse and dynamic, offering opportunities for meaningful work in improving population health, advancing health equity, and contributing to the overall well-being of communities and societies.

EVENT OUTCOME REPORT

“Know Your Alumni”

“Know Your Alumni Ep No. 43”
Topic: - “Why shared value insurance now resonates more than ever and is driving paradigm shift in insurance sector”
Date: - 06 Dec 2022 from 4.00 PM to 5:00 PM
Venue: - Online, IIHMR University, Jaipur
Speaker: - Ms. Dora Dasgupta, Associate Director, Health and Wellness Partner Development, AIA Group Hongkong. PGDHM 2007-09, Batch 12
Number of participants: - 94
Introduction: - This session featured: - Ms. Dora Dasgupta, Associate Director, the event was moderated by Dr. (Col) Mahender Kumar , Professor, School of IHMR, and student moderator Ms. Ridhima Vyas from the MBA HM 26 batch.
Objective: - The objective of this session was to apprise students about the Why shared value insurance now resonates more than ever and is driving paradigm shift in insurance sector.
Salient Novel Points Covered: Role: Ms. Dora Dasgupta, Associate Director highlighted Why shared value insurance now resonates more than ever and is driving paradigm shift in insurance sector in the Healthcare industry, emphasizing the need for thorough compliance strategies and effective performance analysis for success. Challenges and Opportunities: -Shared Value Insurance - Paradigm shift in Insurance sector. Q &A and Interactive Discussion: The session encouraged active participation from students, who asked insightful questions based on the industry requirement and the skills needed to work in the future.
Future Scope: Shared value insurance represents an innovative approach in the insurance sector, focusing on creating economic value in a way that also produces value for society by addressing its needs and challenges. This paradigm shift is being driven by the recognition that aligning business success with social progress can lead to sustainable growth and improved societal outcomes. Here's how shared value insurance is driving this transformation: 1. Preventive Health Measures 2. Data and Technology Utilization 3. Community Engagement 4. Sustainable Practices 5. Financial Inclusion 6. Mental Health and Well-being

7. Collaborations and Partnerships
8. Education and Awareness
9. Innovation in Products and Services
10. Enhanced Customer Experience

Impact on the Insurance Sector

- **Reduced Costs and Risks:** By promoting healthier lifestyles and preventive measures, shared value insurance helps reduce the frequency and severity of claims, thereby lowering costs for insurers.
- **Improved Customer Loyalty:** Engaging with customers on issues that matter to them, such as health and community well-being, builds trust and loyalty, leading to higher retention rates.
- **Market Expansion:** Addressing the needs of underserved populations and emerging markets opens up new business opportunities and drives market growth.
- **Positive Brand Reputation:** Companies that are seen as socially responsible and committed to creating shared value enjoy enhanced brand reputation and goodwill among consumers and stakeholders.

In conclusion, shared value insurance is reshaping the insurance landscape by aligning business objectives with societal goals. This approach not only enhances profitability but also contributes to the broader well-being of individuals and communities, driving a more sustainable and equitable future for the insurance sector.

“Know Your Alumni 47 Episode, Talent Advances and Opportunities in Healthcare: Need for Future”

(By: Mr. Rahul Khandelwal, Senior Manager HR at Medanta, the Medicity in Gurgaon)

Event Category: Know Your Alumni 47 Episode
Topic: Talent Advances and Opportunities in Healthcare: Need for Future
Date & Time: 1st March 2023, 7:30 p.m. to 8:30 p.m.
Venue: Online
Details of Speaker: Mr. Rahul Khandelwal, Senior Manager HR at Medanta, the Medicity in Gurgaon
Number of Participants: 72
Objective of the Session: The primary objective of the session "Talent Advances and Opportunities in Healthcare: Need for Future" is Explore, identify, and align the evolving talent needs, innovations in workforce development, and strategic opportunities in the healthcare sector to ensure a future-ready, resilient, and high-performing healthcare workforce.
Salient Novel Points Covered: Digital Health Competency as a Core Requirement • Integration of AI, telemedicine, data analytics, and wearable tech into clinical roles is redefining talent needs. • Upskilling for digital literacy is no longer optional but essential. Rise of Hybrid Healthcare Roles • New job profiles are emerging that blend clinical expertise with technology, business, or data science (e.g., Clinical Data Analyst, Digital Health Navigator). Shift Toward Preventive and Personalized Care Models • Demand for professionals skilled in genomics, lifestyle medicine, and behavioral health is growing as healthcare moves from treatment to prevention.
Future Scope: Creation of Smart, Tech-Savvy Healthcare Workforces Expansion of Multidisciplinary Talent Pools

Global Talent Ecosystems and Remote Healthcare Delivery
Rise of Leadership Roles in Non-Clinical Domains

IIHMR UNIVERSITY, JAIPUR
EVENT OUTCOME REPORT
“Know Your Alumni Episode no 48”

“Know Your Alumni Episode No 48”
TOPIC: Healthcare consulting – The opportunity and what it needs
DATE: 11 th February 2023 from 10:30am to 11:30am.
VENUE: Lecture Hall 4, IIHMR University, Jaipur
SPEAKER: Dr. Gaurav Tomar (Manager) and Dr Anurag Dadheech (senior consultant), Deloitte, Gurgaon.
NUMBER OF PARTICIPANTS: 62 students from Health Management Batch -27.
INTRODUCTION: The 48 episode of the Master Class titled -: Healthcare consulting – The opportunity and what it needs. held on:11 th February 2023, at IIHMR University. This session featured: Dr. Gaurav Tomar (Manager) and Dr Anurag Dadheech (senior consultant), Deloitte, Gurgaon.as the guest speaker. The event was moderated by Mr Vinod Tejwani, Dean, Placements and Alumni relations and student moderator Ms. Glory Samal from the HM-27. The session focus on “ Healthcare consulting – The opportunity and what it needs.”
OBJECTIVE: The master class aimed to help students gain knowledge about the identification of implementation research challenges, learn from past experiences, and devise strategies for effective translation of research into practice.
Salient Novel Points Covered: ROLE: Dr. Gaurav Tomar and Dr Anurag Dadheech emphasized on the importance of healthcare consulting in the industry. He also focused on the opportunity and what Healthcare consulting needs and the importance of performance analysis of a particular product. Challenges and Opportunities: • Improve operational efficiency • Optimize financial performance • Resistance to change • Interoperability issues • Talent acquisition and retention Q &A and Interactive Discussion: The session encouraged active participation from students, who asked insightful questions based on the industry requirement and the skills needed to work in the future.
Future Scope: The future scope of this master class lies in equipping students with essential skills and mindset for a successful industry career, making them well-prepared to thrive in dynamic and competitive business environment. It also offers a foundation for ongoing professional growth and adaptability in an ever-evolving industry landscape.

EVENT OUTCOME REPORT

“Know Your Alumni Ep No. 49”

Event Category: Know Your Alumni Episode No: 49
Topic: Creating Effective Data Visualization with BI Cloud Solutions
Date & Time: 01 April 2023 & 11:00 AM – 5:00 PM
Venue: LH- 12, IIHMR University
Details of Speaker: Mr. Naveen Koushal, Sr Manager, Axtria - Ingenious Insights, Gurugram.
Number of Participants: Total 80 Students from Pharmaceutical Management 1 st Year.
Introduction: The guest speaker for the day was Mr. Naveen Koushal, an alumnus from 3 rd Batch i.e., 2011-2013 of PGDPM (Post Graduate Diploma in Pharmaceutical Management), IIHMR University, he is currently working as Sr Manager in Axtria - Ingenious Insights. The Moderator of the session was Dr. Sudhinder Singh Chowhan, an Associate Professor in the School of Pharmaceutical Management, IIHMR University, and the Student Coordinator of the session was Ms. Sonika Tanwar, a student from the 14 th Batch i.e., 2022-2024 of MBA in Pharmaceutical Management, IIHMR University.
The objective of the Session: To provide insights into the Data Visualization using Power BI
Salient Novel Points Covered: Key Takeaways: Introduction to Data Visualization, Fundamentals of Effective Data Visualization, Utilizing BI Cloud Solutions for Data Visualization, Creating Compelling Data Visualizations Case Studies and Hands-on Exercises: The session included practical case studies and hands-on exercises using a BI cloud solution. Participants had the opportunity to create their own data visualizations, apply best practices, and receive real-time feedback. Q&A and Discussion: A lively Q&A session followed the presentations and hands-on exercises. Participants engaged in discussions about challenges they faced in their own projects and sought advice on overcoming common data visualization pitfalls.
Future Scope: The future scope of creating effective data visualization with BI cloud solutions is promising, as organizations increasingly rely on data-driven decision-making. This field offers career opportunities in data analytics, business intelligence, and data visualization design, with growing demand for skilled professionals. As cloud technology continues to evolve, proficiency in BI tools and data visualization will remain valuable for enhancing business insights and competitiveness.
Appropriate caption for Website: Mr. Naveen Koushal sharing insights with future leaders on Data Visualization using BI Cloud Solutions.
