Notice for Registration for SWAYAM Courses as a Substitute for Open Electives (3 credits) [For 2024-26 Batch]

This specifically applies to students who have not previously enrolled for a SWAYAM course or missed related examinations.

The students who could not enroll in a SWAYAM course or have been debarred from the certification exam due to non-fulfillment of SWAYAM criteria, would be given a last chance to do the SWAYAM course in the July to December 2025 segment. A list of SWAYAM courses that can be done as an alternative to the Open elective will be notified once SWAYAM announces the courses for the July-December session.

Please keep in touch with the Academic Office.

Regards
Academics
