Introduction: -The 94th episode of the Master Class on “Evolving Healthcare Landscape in India: Opportunities for Development Professionals” was held on 16th December 2023 through online mode. In this session - "Mr. Prabhat Sinha, Director, Public & Government Affairs, Corporate Affairs, Boehringer Ingelheim India Pvt. Ltd., Mumbai, India" was the keynote speaker. The event was moderated by Dr. Himadri Sinha Professor and Dean Of School of Development Management, Student Coordinator Mr. Keshav Laxman Gabhale from the MBA DM 02 batch. This session focuses on the opportunities available to growth managers in the rapidly evolving healthcare sector.	
Objective: - To introduce the rapidly evolving healthcare sector, the various players involved, the importance given to this sector, the opportunities it creates, and to guide the development managers on their responsibilities.	
Salient Novel Points Covered: Role: Mr. Prabhat Sinha covers the following points- • Newly and rapidly evolving healthcare sector, including managerial roles, opportunities and responsibilities that attract careers in this sector. • India's changing disease patterns due to demographics, lifestyles, and the various players working on it create opportunities for donor development managers to work in this area. • Evolving role and increasing importance of managers for various government schemes, large, diverse, complex markets with huge opportunities. • Substantial needs, various diseases, new technologies coming in this sector along with growing economy, huge investment, hence opportunities in this sector. • Reduced out-of-pocket costs due to government schemes, growing pharma and medical device companies, health startups, various stakeholders etc.	
Challenges and Opportunities: Development management was looked at in terms of NGOs working in social and economic fields, rural development. It is a broad field, and it includes the health sector as well. The health sector is evolving in a big way as per the changing needs of the country. Population needs, significant changes in the sector, growing markets, innovation, diverse pharma and digital device companies, increased investment make it	

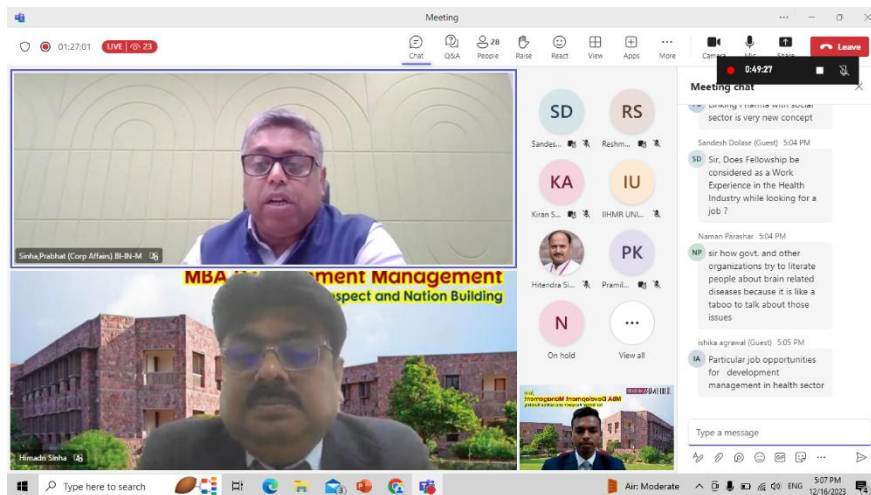

imperative for development professionals to understand the complexities of this ever-evolving landscape. And this field offers opportunities for a successful career as a development professional.

Q&A and Interactive Discussion: The session encouraged active participation from students, who asked probing questions based on opportunities in the healthcare field and skills needed to work in the future.

Future Scope: A dynamic healthcare landscape, which enables development professionals to play a critical role in shaping a healthy future for India. The emerging needs of the sector, driven by market dynamics, changing lifestyles, diseases, investments, government policies, help development professionals identify specific career paths in the Indian healthcare landscape, based on their skills and interests. This session will help change the way development professionals look at the health sector and your performance will have a positive impact on the sector.
