Executive Summary

Dr. P. R. Sodani

President

IIHMR University, Jaipur

I am pleased to share the October 2024 activity report for IIHMR University. This month marked several milestones in academics, research, partnerships, and cultural celebrations.

The inaugural ceremonies for the Master of Public Health (Cohort 12) and MPH (Implementation Science, Cohort 2) programs welcomed global participants, emphasizing IIHMR's commitment to international collaboration in public health education. The Convocation Ceremony of the first MPH (Implementation Science) batch celebrated the achievements of graduates from seven countries. Additionally, the University hosted the Grand Health Innovation Challenge 4.0, fostering healthcare entrepreneurship and innovation.

On the research front, IIHMR contributed significantly to the Health Labour Market Assessment (HLMA) in Rajasthan and hosted a Dissemination Workshop under the WHO Global School Health Survey. These initiatives reflect IIHMR's dedication to improving health systems and empowering youth. Key MoUs were signed with prominent institutions like ICMR, IPE Global, and the Institute of Health Management Research, Bangalore, strengthening collaboration in research, training, and education.

October also marked the 40th Foundation Day celebration, honoring four decades of excellence with cultural performances, alumni recognition, and the unveiling of key publications. The Diwali Poojan added festive cheer, bringing the IIHMR community together in a vibrant celebration. Workshops on gender sensitization and collaborations with the GiveWell Foundation highlighted the University's focus on inclusivity and impactful health interventions. IIHMR continues to thrive as a hub of innovation, academic excellence, and cultural engagement.

MPH 2024-26, Cohort 12, Inaugural

IIHMR University, Jaipur, organized the inauguration ceremony of the Master of Public Health, 2024-26 (Cohort 12), programme offered by Johns Hopkins Bloomberg School of Public Health, Baltimore, USA in cooperation with IIHMR University, Jaipur on October 3, 2024.

This two-year MPH program combines interdisciplinary public health training with hands-on practical experience through a population-based health practicum. The inaugural session was addressed by Dr Marie Diener West, Professor and Chair of the MPH Programme at Johns Hopkins Bloomberg School of Public Health, Baltimore, USA (online), Ms Felicity Turner, Director of International and Continuing Education at Johns Hopkins Bloomberg School of Public Health, Baltimore, USA (online), Dr SD Gupta, President of Indian Institute of Health Management Research, and Dr PR Sodani, President of IIHMR University, Jaipur. Dr Vinod Kumar SV, Dean In-charge SD Gupta school of Public Health, IIHMR University, Jaipur welcomed the participants and Dr Seema Mehta, Faculty Coordinator, MPH programme at SD Gupta School of Public Health, IIHMR University, Jaipur briefed about the programme.

The 12th Cohort of MPH program consisted of five mid-term professionals.

MPH Implementation Science Convocation

The Convocation Ceremony of the first batch of MPH (Implementation Science) program was held at IIHMR University on 05 October 2024. The event marked the graduation of the Cohort 2022-24, celebrating the achievements of students from both the Eastern Mediterranean and South- East Asia region. Dr Mahnaz Vahedi, Scientist, Research Capacity Strengthening, TDR, the Special Programme for Research & Training in Tropical Diseases, World Health Organization, Geneva, Switzerland was the Chief Guest for the event. Dr. S. D. Gupta, President, Indian Institute of Health Management Research (IIHMR), Dr. P. R. Sodani, President, IIHMR University, Dr. Sandeep Kumar Suhag Registrar, IIHMR University were the other dignitaries present. Eleven Students from Seven countries (Libya, Egypt, Nepal, Bhutan, India, Yemen and Somalia) were awarded the degree in this convocation. Out of these eleven students, 7 students were given the degree in person and 4 students were awarded the degree in absentia.

MPH (Implementation Science) 2024-26

Cohort 2: Inaugural Programme

The inaugural session of the MPH (Implementation Science) programme for Cohort 2 (2024-26) was held on October 10, 2024. Dr. Bontha V. Babu, Director-in-Charge of ICMR's National Institute for Implementation Research on Non-Communicable Diseases, Jodhpur, was the Chief Guest and Dr Mahnaz Vahedi, Scientist, Research Capacity Strengthening, TDR, Special Programme for Research and Training in Tropical Diseases, WHO, Geneva, was the Guest of Honour. Dr SD Gupta, President of the Indian Institute of Health Management Research, Jaipur and Dr PR Sodani, President of IIHMR University, were also present for the inaugural session.

Applications were received globally, with representation from WHO-designated Eastern Mediterranean Region (EMR) countries, including Afghanistan, Bangladesh, Egypt, Iran, Palestine, Israel, Somalia, Sudan, and Yemen. Additionally, applications were submitted from other countries such as Ethiopia, Gambia, Ghana, India, Kenya, Nepal, Tanzania, Uganda, and Zambia. In all, 19 candidates enrolled for Cohort 2, which includes 12 TDR funded Scholars (5 From Somalia, 4 From Yemen, 2 from India, 1 from Iran), 6 Open Category Candidates (five from India and one from Nepal), and one nominated faculty from IIHMR University.

Health Labour Market Assessment (HLMA) in Rajasthan

The first Technical Working Group (TWG) meeting for the Health Labour Market Assessment (HLMA) in Rajasthan was held by the Directorate of Medical and Health Services, Government of Rajasthan, with support from WHO and IIHMR University. The meeting focused on gaining a deeper understanding of the health workforce in the state and finding ways to improve it. This initiative aims to enhance healthcare services and tackle workforce challenges, ultimately working towards better health outcomes for the people of Rajasthan.

WHO Global School Health Survey (GSHS) Study - Data to Action Dissemination Workshop

A Dissemination Workshop on the Data-to-Action Plan was conducted on October 19, 2024 as part of the Global School Health Survey (GSHS) and the Global School Health Practices and Policies Survey (Phase II: Implementation Phase). The workshop focused on empowering adolescents to use health data to drive change in their communities. Participants learned how to interpret data from the surveys and apply it to improve health practices and policies in schools. The session aimed to equip young people with the skills and knowledge needed to take active roles in promoting health and well-being among their peers.

War-Induced Energy Commodity Price Dynamics : Index Design and Impact Assessment

Nupur Gupta¹
Jagdish Kumar Sachdeva²
Akshay Kumar Mishra³

Abstract

Purpose : We analyzed the impact of three wars—the Gulf War of 1990–91, the US Invasion of Iraq (2003–2011), and the ongoing Russian invasion of Ukraine (from 2022 onwards)—on energy commodities and used the findings to predict the effect of wars on energy commodities during the ongoing Russia-Ukraine war.

Research Methodology : We employed a novel approach to determining the energy commodity index using equal risk contribution methodology. This index was called the War Energy Commodity Index. It was constructed using monthly prices of six energy commodities—natural gas, Brent Crude, WTI crude, gas oil, heating oil, and RBOB Gasoline—from June 1990 to July 2024. We employed a regression model to assess the impact of the three wars on the War Energy Commodity index using dummy variables for the different war periods and their lagged values.

Findings : The findings indicated that while war-triggered volatility initially affected prices, indices tended to return to their original levels post-war, with only long-term wars demonstrating statistically significant impacts on energy commodity prices.

Practical Implications : Predicting energy commodity prices would be helpful to industry practitioners. Our study encouraged economic agents to invest in commodity indices based on equal risk contribution and index providers to launch an index based on this methodology.

Originality/Value : The index constructed in this paper distributed risk equally among the six energy commodities. To our knowledge, no energy index of this kind has been created. The index provides a predictive model for the Russia-Ukraine warfare.

Keywords : war crisis, energy prices, index construction, equal risk contribution, regression analysis

JEL Classification Codes : C13, C43, Q43

Wars are catastrophic events that lead to social and economic uncertainty. They momentarily impact neighboring countries and the global economic system, vacillating from monetary and financial desolation to loss of production abilities, public income, and wealth. After World War II, the tendencies in the energy sector shifted from coal to crude oil and piped natural gas. Both took a vast proportion of

40th Foundation Day Celebration

IIHMR University celebrated its 40th Foundation Day on October 5, 2024, honoring its significant journey in healthcare management, research, and education. The event featured a lamp lighting ceremony, speeches from esteemed leaders like Dr. PR Sodani, President of IIHMR University, Jaipur; Dr. Ashok Agarwal, Founder and Trustee of IIHMR; and Dr. S.D. Gupta, Trustee-Secretary of IIHMR and the unveiling of two important documents highlighting IIHMR's achievements and alumni contributions.

Cultural performances added vibrancy to the occasion, while the Distinguished Alumni Awards were presented to notable graduates. The celebration emphasized IIHMR's commitment to shaping the future of healthcare, marking four decades of excellence and innovation.

40th Foundation Day Celebration

Distinguished Alumni Award 2024

Mr. Rana Udayan Lahiry, PGDHM 1996-98, who served as the Managing Director of the Medica Hospital Group, received the Distinguished Alumni Award for his significant contribution.

Mr. Nilakantha Bhoi, PGDHM 2001-03, who served as a Procurement Senior Officer with United Nations Office for Project Services (UNOPS), India and South Asia Multi Country Office (SAMCO), received the Distinguished Alumni Award for his significant contribution.

The Grand Book Unveil

October 05, 2024

IIHMR University Jaipur and ICMR – National Institute for Implementation Research on Non-Communicable Diseases, Jodhpur

This Memorandum of Understanding (MoU) is made on October 10, 2024, between IIHMR University, Jaipur and ICMR - National Institute for Implementation Research on Non-Communicable Diseases, Jodhpur. Dr. P.R. Sodani, President, IIHMR University, Jaipur and Dr. Bontha V. Babu, Director In-charge, ICMR – National Institute for Implementation Research on Non-Communicable Diseases, Jodhpur signed the MOU. This MOU is signed in the presence of Dr Mahnaz Vahedi, Scientist, Research Capacity Strengthening, TDR, the Special Programme for Research & Training in Tropical Diseases, World Health Organization and Dr. S.D. Gupta, President, Indian Institute of Health Management Research at IIHMR University campus. As per the MOU, both the institutions have agreed to establish closer working relationships with respect to research, education, application of scientific knowledge and student exchange. This cooperation will align the initiatives between both the institutions with the objective to benefit from synergy between them and to be a fruitful platform for new initiatives. Cooperation will be beneficial in building networks to facilitate cooperation. Both the institutions have agreed to organise joint webinars, seminars and conferences to disseminate scientific knowledge.

MOU Signed between IIHMR University and IPE Global

The Memorandum of Understanding (MoU) is signed on August 13, 2024, between IIHMR University and IPE Global Limited. Dr. P.R. Sodani, President, IIHMR University, Jaipur, and Mr. Raghwesh Ranjan, Senior Director, IPE Global Limited signed the MOU. The scope of this MOU is to establish a comprehensive framework for sustained collaboration in key areas including Research, Training, Academics, Student Engagement and Development. The MOU signing ceremony was held on October 24, 2024, at IIHMR University campus. Under this MOU, IIHMR University aims to jointly develop research proposals, co-author research papers, and organize a range of academic events with IPE Global Limited, including trainings, workshops, conferences, seminars, webinars, and joint academic/certificate programs. IIHMR University postgraduate students and research scholars will explore the internships, dissertations, practicums, and placements opportunities with IPE Global Limited.

MoU Signing Ceremony

MOU Signed between IIHMR University and Institute of Health Management Research, Bangalore

The Memorandum of Understanding (MoU) is signed on October 17, 2024, between IIHMR University and Institute of Health Management Research, Bangalore. Dr. P.R. Sodani, President, IIHMR University and Dr. Usha Manjunath, Director, Institute of Health Management Research, Bangalore signed the MOU. Under this MOU, both the institutions will collaborate on mutually beneficial activities in academics, research, training, etc. The scope of work includes working together for developing new courses, education programs, training programs, MDPs, research proposals, implementing research, publications, faculty sharing, students' exposure visits, faculty mentoring, etc.

Workshop on Gender Sensitization for Gender Champions

A workshop on Gender Sensitization was held on October 19, 2024 at IIHMR University for the Gender Champions. The session aimed to raise awareness and foster a deeper understanding of gender equality issues among students. It covered topics such as gender stereotypes, unconscious bias, and ways to promote respect and inclusivity on campus. The workshop encouraged open discussions and provided practical tools for students to become active advocates for gender equality in their communities.

IIHMR Startups successfully hosted the Grand Health Innovation Challenge 4.0 on October 19, 2024, at IIHMR University, Jaipur, uniting changemakers focused on healthcare innovation. Spearheaded by Dr. P.R. Sodani, President, IIHMR University, Jaipur, the event aimed to empower emerging entrepreneurs with collaborative solutions to healthcare challenges. A distinguished jury, including Mr. Puneet Datta, CEO, IIHMR Startups; Mr. Saksham Gupta, a seasoned entrepreneur with over a decade of experience in e-commerce and healthcare, known for his innovative business strategies; and Dr. Neha Awasthi, an alumna of IIHMR University with extensive public health expertise, provided invaluable insights to eight selected teams showcasing innovative concepts across areas like AI-driven dermatology and Ayurveda. The challenge highlighted IIHMR Startups' commitment to nurturing health innovators and facilitating the transformation of ideas into impactful realities.

Give Well Foundation Meeting

At IHMR Startups, we had the privilege of hosting Mr. Lalit Kumar from the GiveWell Foundation to explore collaborative efforts in maternal and child health on October 25, 2024. Key focus areas included enhancing kangaroo mother care (KMC) for neonatal health and food fortification to reduce anemia among mothers and children in rural areas.

This partnership seeks to merge IHMR's healthcare startup expertise with GiveWell's commitment to impactful health initiatives, developing sustainable solutions that empower caregivers and improve health outcomes for vulnerable populations. Next steps will involve aligning resources and expertise to maximize impact in these vital areas.

The Diwali Poojan at IIHMR University on October 30, 2024, Jaipur were a joyful and vibrant affair, with the campus aglow in bright lights, stunning rangoli designs, and beautifully decorated spaces. Students and faculty, dressed in traditional ethnic attire, gathered for the Diwali pooja, lighting diyas, sharing sweets, and enjoying performances of traditional music and dance. The atmosphere buzzed with laughter and a warm spirit of togetherness as everyone participated in various fun activities and a lucky draw. It was a memorable day that brought smiles to faces and highlighted the rich culture and close-knit community of the university.

- **Dr. Sarthak Sen Gupta** participated in the Webinar on Climate Change Begins in the OR: Our Unsustainable Future in Healthcare | OB/GYN Grand Rounds (Recording), organized by Stanford University School of Medicine, October 29, 2024.

Exposure Visits for Students

The School of Development Studies at IIHMR University, Jaipur, partnered with Jagriti Sansthan Chomu, Jaipur, to organize a student visit as part of the Industrial Connect & Community Immersion Program. The visit took place in the communities of Shahpura and Pragpur, providing students with an opportunity to engage with local industries and learn more about community development initiatives.
