

Management Development Programme
on
**Accreditation
of
Healthcare Facilities**

 March 08-10, 2025

Background

The course prepares healthcare professionals, managers & administrative staff to understand accreditation process of healthcare facilities. The course focuses on the basic concepts and upgrading the knowledge on accreditation standards for healthcare facilities and its effective implementation so that healthcare professionals can lead / assist any healthcare facility for implementation of accreditation standards and achieving accreditation for healthcare facility.

Quality and patient safety in healthcare has long been a matter of concern for healthcare professionals. Accreditation is the recognition of a certain level of quality by the healthcare facility as assessed by the third party. In healthcare, accreditation recognizes and certifies the capability of a healthcare facility delivering an acceptable standards of healthcare services.

Keeping the importance of accreditation of healthcare facility as a vital aspect in quality healthcare services IIHMR University is conducting a 3 days MDP on Accreditation of Healthcare Facilities.

Accreditation standards focus on various aspects such as patient safety, quality management, and clinical care, among others. ensuring healthcare organizations maintain high standards in medical care, administrative processes, patient rights, and overall service delivery.

The MDP (Management Development Program) objectives focus on training healthcare providers and managers in understanding and implementing these standards to achieve accreditation.
