Event Details

IIHMR University, through the SD Gupta School of Public Health (SDG-SPH), organized an exclusive webinar titled "**Lead the Future of Global Health**" on April 18, 2026, from 5:30 PM to 6:30 PM IST. The webinar was conducted live on Zoom as part of the MPH (Johns Hopkins–IIHMR) programme outreach, aimed at prospective students interested in global public health leadership and impact-driven careers.

Speaker Profile:

The distinguished speaker for the session was Dr. Vinod Kumar SV (MBBS, MD-PSM), Professor and Dean In-Charge, SD Gupta School of Public Health, IIHMR University, Jaipur. Dr. Vinod Kumar SV is a Public Health Specialist with over 20 years of experience in administrative, academic, research, and training capacities

Objective:

The webinar aimed to explore the evolving landscape of global health and the leadership needed to shape its future. It served as an outreach initiative for the MPH (Johns Hopkins–IIHMR) programme, providing prospective students with insights into global public health careers, the programme's academic rigour, and opportunities for leadership in the global health ecosystem.

Key Themes Covered:

- The evolving landscape of global health
- Leadership competencies required in global health
- Career pathways in global public health
- MPH (Johns Hopkins–IIHMR) programme overview
- Opportunities for global health professionals

Target Audience

Aspiring public health professionals, students interested in global health careers, and prospective candidates for the MPH programme.

Outcomes

The webinar successfully provided prospective students with a comprehensive understanding of the global health field and the leadership skills required to excel in it. It reinforced IIHMR University's commitment to nurturing future global health leaders and promoted the MPH (Johns Hopkins–IIHMR) programme as a premier platform for global public health education.
