Student Coordinator – Ms. Ishita Patidar, MBA PM 17

Date: Monday, September 21, 2026

Time: 10:00 AM – 05:00 PM IST

Mode: Offline

With best wishes,

Dr. P.R. Sodani

President, IIHMR University, Jaipur

Co-Founder, IIHMR Foundation

IIHMR UNIVERSITY, JAIPUR

EVENT OUTCOME REPORT

"Master Class 153"

Master Class Episode 153
TOPIC: Stepping into a Pharmaceutical Journey: A Way Forward for Pharma Aspirants
DATE: September 21, 2026 (Monday)
VENUE: IIHMR University, Jaipur (OFFLINE MODE)
SPEAKERS: Mr. Rakesh Singal, L&D ICF Coach SL-II Certified Trainer, Digi-learning Lead, Training Cluster Head, Lupin, Mumbai Moderator: Dr. Ashok Peepliwal, Professor, School of Pharmaceutical Management, IIHMR University, Jaipur
NUMBER OF PARTICIPANTS: 100 Students
INTRODUCTION: The Master Class "Stepping into a Pharmaceutical Journey: A Way Forward for Pharma Aspirants" was organized at IIHMR University, Jaipur, on September 21, 2026. The session featured Mr. Rakesh Singal, L&D ICF Coach and Training Cluster Head, Lupin, Mumbai, and Dr. Ashok Peepliwal, Professor, School of Pharmaceutical Management, IIHMR University, Jaipur, as the guest speakers, with Ms. Ishika Patidar, Batch: MBA PM 17, serving as the student coordinator. The session focused on preparing pharmaceutical management aspirants for their transition into the pharmaceutical industry. It provided students with an industry-oriented perspective on professional conduct, regulatory compliance, and the ethical boundaries that govern day-to-day practice in the pharma profession.
OBJECTIVE: The Master Class aimed to: • Prepare students for their transition into the pharmaceutical industry. • Familiarize students with the regulatory and ethical code governing pharmaceutical practice. • Sensitize students to the compliance challenges likely to be faced in their first year on the job. • Build awareness of the personal and professional consequences of compliance lapses. • Instill a mindset of integrity, documentation discipline, and professional accountability. • Equip students with practical guidance on navigating grey areas through the appropriate compliance channels.

SALIENT NOVEL POINTS COVERED:

1. Integrity as a Regulated Requirement:

The session opened with the reminder that in pharma, integrity is not a value on a poster but a regulated requirement with real personal consequences for those who ignore it.

2. What the Code Governs:

Students were walked through the core provisions of the industry code — claims made about a product must match its approved indication and be supported by evidence, gifts and personal benefits to healthcare professionals are prohibited, free samples are limited, recorded, and given only to those qualified to prescribe, educational engagement must be genuinely educational and properly documented, and companies remain accountable for what their representatives do in the field.

3. Navigating the First Year:

Practical, first-year-specific guidance was shared: never make a claim the data does not fully support; never sign off on a shortcut you have not personally verified; report accurately even under month-end pressure; treat the phrase "everyone does it" as a warning sign, not a justification; and when in doubt, put the question to compliance in writing.

4. Reputation and Industry Memory:

Students were cautioned that the pharmaceutical industry is small and memory is long — a professional's reputation, once affected, follows them for the rest of their career.

5. Stepping into the Pharmaceutical Journey:

Dr. Ashok Peepliwal welcomed students into the field and framed the session as a first step in preparing pharma aspirants for the realities of the industry, while Mr. Rakesh Singal's session, titled "Hit the Ground Running," focused on practical readiness for day one of a pharma career.

Q&A and Interactive Session: The session concluded with an engaging Q&A session, giving students the opportunity to interact directly with Mr. Rakesh Singal and Dr. Ashok Peepliwal and gain industry-oriented insights into compliance, professional conduct, and career readiness in the pharmaceutical sector.

CONCLUSION: The Master Class "Stepping into a Pharmaceutical Journey: A Way Forward for Pharma Aspirants" gave students valuable exposure to the compliance and ethical framework that governs the pharmaceutical profession, along with practical guidance for navigating their first year in the industry.

The session underlined the importance of integrity, documentation discipline, and accountability, and encouraged students to seek clarity through proper compliance channels whenever in doubt. The industry perspective shared by Mr. Rakesh Singal, Lupin, Mumbai, and Dr. Ashok Peepliwal, IIMR University, Jaipur, gave students practical insight into the expectations that will shape the early years of their pharmaceutical careers.
