| <p><b>INTRODUCTION:</b> The Master Class "Career in Health Insurance Sector, Utilization of AI/ML, Focus on Claim Audit/Verification/Investigations" was organized at IIHMR University, Jaipur, on September 30, 2026. The session featured Dr. Sanjay Tiwari, Head (HRMC), ICICI Lombard GIC Ltd., Mumbai, as the guest speaker. Ms. Anju Bhatt, Deputy Vice President – Health Insurance Management, ICICI Lombard, joined the session and introduced the speaker.</p> <p>Mr. N Satheeshkanna, Senior Manager – Placements, IIHMR University, Jaipur, served as the moderator, with Ms. Christina Maria, Batch: MPH Cohort 01, and Mr. Chauhan Pratik Mahavirsing, Batch: MBA HM 30, serving as the student coordinators.</p> <p>The session provided students with an overview of the basics of insurance, the functioning of ICICI Lombard, key insurance functions such as underwriting, claims, audit and investigations, and the role of AI/ML across the insurance sector.</p> |
| <p><b>OBJECTIVE:</b></p> <p>The Master Class aimed to:</p> <ul style="list-style-type: none"><li>• Introduce students to the basics of insurance and its functioning.</li><li>• Familiarize students with the health insurance sector and ICICI Lombard.</li><li>• Provide an understanding of underwriting and claims management.</li><li>• Explain claim audit, verification, and investigation processes.</li><li>• Introduce students to the role of SIU in insurance investigations.</li><li>• Highlight the utilization of AI/ML across insurance functions.</li></ul>                                                                                                                                                                                                                                                                                                                                                                                                           |

- Create awareness about career opportunities in the health insurance sector.

**SALIENT NOVEL POINTS COVERED:****1. Understanding Insurance and ICICI Lombard:**

The session began with an overview of insurance, its purpose, risk assessment, policy coverage, and claims. Students were also introduced to **ICICI Lombard General Insurance** and its role in the general and health insurance sector.

**2. Key Functions in Health Insurance:**

Students gained an overview of important functions including underwriting, claims management, claim verification, audit, and investigations, and how these functions contribute to effective insurance operations.

**3. Claims, Verification and SIU:**

The session highlighted the processes involved in reviewing and verifying claims, identifying discrepancies, and validating relevant documentation. The role of the Special Investigation Unit (SIU) in investigating suspected fraudulent or irregular claims was also discussed.

**4. Role of AI/ML in Insurance:**

A key focus of the session was the application of Artificial Intelligence (AI) and Machine Learning (ML) across insurance functions such as underwriting, claims processing, verification, fraud detection, audit, and investigations.

**5. Fraud and Investigation in Health Insurance:**

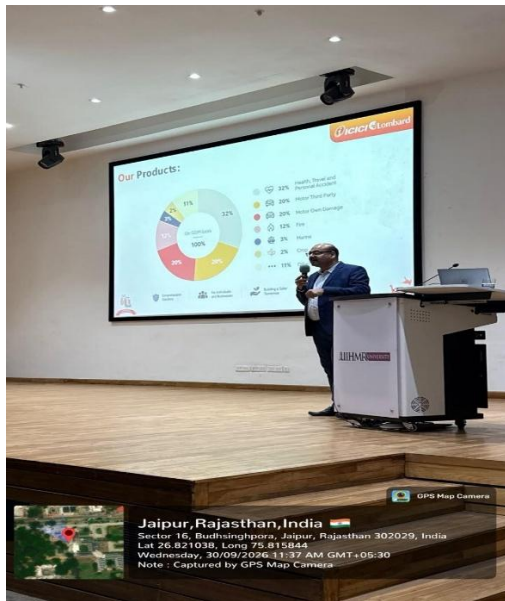

Students gained insights into fraud and irregularities within the healthcare and insurance ecosystem and the importance of effective verification, investigation, and technology-enabled mechanisms for identifying such cases.

**Q&A and Interactive Session:** The session concluded with an engaging Q&A interaction with Dr. Sanjay Tiwari, allowing students to clarify their queries regarding health insurance operations, AI/ML applications, claims, fraud investigation, and career opportunities in the insurance sector.

**CONCLUSION:** The Master Class "Career in Health Insurance Sector, Utilization of AI/ML, Focus on Claim Audit/Verification/Investigations" provided students with a comprehensive introduction to the functioning of the health insurance sector and its evolving career landscape.

The session helped students understand the journey from risk assessment and underwriting to claims processing, verification, audit, and investigation, while also highlighting the increasing role of AI and ML across these functions. The discussion on fraud detection and the role of the Special Investigation Unit (SIU) further provided students with practical insight into the mechanisms used to maintain the integrity of insurance operations.

The industry perspective shared by Dr. Sanjay Tiwari, ICICI Lombard GIC Ltd., Mumbai, gave students valuable exposure to the functioning of the insurance sector, emerging technology applications, and the range of professional opportunities available in health insurance. The interactive Q&A further enabled students to connect the concepts discussed during the session with practical industry scenarios.
