President
IIHMR University
Jaipur

Message from the President

The Indian Institute of Health Management Research was founded in 1984 at Jaipur with a vision of providing unique opportunities in the field of Health and Allied sectors. Over the past 39 years, IIHMR University has established as a pioneer in the field of higher learning and offers doctoral and postgraduate degrees in Hospital and Health Care, Pharmacy and Development Management.

IIHMR University's vision is to improve health standards by better managing health care and related programs. It seeks to accomplish this through management research, training, consultation and institutional networking from a national and global perspective. IIHMR University creates highly knowledgeable and skilled professionals for the industry. It empowers them to find sustainable solutions to people's problems, health issues, and health transformation. Our student mix is selected through a rigorous selection process, ensuring that only the very best of the lot get into our campus. The students undergo two years of rigorous theoretical and field-based training with pilot ventures, rural practicum, and dissertation along with strategic thinking and leadership skills.

Our Esteemed Alumni are taking prime and leadership roles in leading global Hospitals, Healthcare organizations, consulting firms, pharmaceutical companies, Development organizations, Think Tanks, NGO's and various State and Central Governments organizations.

It gives me immense pleasure to welcome you to IIHMR University, interact with our committed students of batch 2022- 2024 with deep rooted human values and discover their innovative ideas, commitment, and enthusiasm in contributing and responding to the need of the hour. This selected batch is exposed to a thoroughly updated curriculum that is in sync with the demands of the modern industry scenario. I am confident that our students will contribute immensely to your esteemed organization and become assets to you.

About IIHMR University

The genesis of IIHMR University dates to October 5, 1984, when the Indian Institute of Health Management Research (IIHMR) was established. In 2014, IIHMR University was established and incorporated as a postgraduate research university by the Government of Rajasthan vide the IIHMR University, Jaipur Act, 2014 (Act No. 3, of 2014).

Our multi-disciplinary faculty, representing Public Health, Hospital Management, Health Management, Pharmaceutical Management, Development Management, Economics, Statistics, Demography and Social and Behavioural Sciences provides an enabling environment for learning and professional growth and development.

IIHMR University offers the following programmes :

- MBA (Hospital and Health Management)
- MBA (Pharmaceutical Management)
- MBA (Development Management)
- Master of Public Health
Offered by Johns Hopkins Bloomberg School of Public Health, Baltimore, USA, in cooperation with IIHMR University
- Master of Public Health (Implementation Science)
Fully funded WHO-TDR programme
- Ph. D.
- Master of Public Health (Executive)
- Master of Hospital Administration (Executive)

Vision

To become a world-class higher education institution by promoting education and research for betterment of the society.

Mission

IIHMR University is dedicated to the improvement in standards of health through better management of health care and related programmes. It seeks to accomplish this through management education, research, training, consultation, and institutional networking in a national and global perspective.

Why IIHMR University

IIHMR University has been established and incorporated as a postgraduate research University by an act of the Government of Rajasthan. IIHMR University is UGC-recognized and NAAC - accredited.

Experienced Faculty Team

The University provides quality education and has highly qualified, experienced, and well-trained faculty members who are dedicated to providing quality learning. They provide students with the best possible guidance and support to help them achieve their goals.

Strong Alumni Network

Strong alumni network of the University provides valuable opportunities for students. It gives students access to mentors and advice from experienced professionals. Our alumni network is an invaluable resource for building relationships, exchanging ideas, and pursuing professional opportunities.

Industry-oriented courses

The University provides a holistic education experience with strong focus on experiential learning. It has several industry-oriented courses and programs, enabling students to develop their professional academic & personal skills.

Excellent Career Opportunities

The University provides its students with excellent placement & internship opportunities. With its courses, students can explore exceptional career options and gain valuable experience.

International Collaborations

IIHMR University, Jaipur has several collaborations with international universities, enabling its students to get a global perspective. This helps them gain an edge over their peers in the job market.

Strong Academics

IIHMR University Jaipur is one of the leading universities in India in the field of healthcare and hospital management.

World-Class Infrastructure

The University has world-class infrastructure and state-of-the-art facilities. This includes modern classrooms, Computer labs equipped with the latest technology and software, a library with a vast collection of books and journals, sports facilities, an auditorium, a cafeteria, etc.

Opportunities for Entrepreneurs

The University is recognized as a Host Institute by the Ministry of Micro, Small and Medium Enterprises, GOI, for implementing incubation component under the MSME innovative scheme. As a Host Institute, University is eligible to submit new innovative ideas for getting financial support.

Industry Interface Summits

Pradanya means “Wisdom.” The event has had a long journey of 26 years spreading wisdom amongst young minds and professionals of healthcare, hospital, pharmaceutical and rural development sectors. Every year IIHMR University organizes an international three-day conference, 'Pradanya'. Expert leaders from India and abroad in the fields of healthcare, pharmaceuticals, the development sector, and allied industries address the students for intellectual churning. Pradanya gives an opportunity for engagement with corporate leaders across the industries. It also creates a space for discussion of one-on-one meetings with top corporate leaders.

Alumni Mentoring Programme

Alumni Mentoring Programme is a unique initiative undertaken by IIHMR University, Jaipur. Through this programme, students are connected with alumni, who serve both as guides and as sources of inspiration. The Alumni Mentoring Programme has been launched to keep the alumni connected to their alma mater as well as share their valuable experiences with the current students.

Framework of Mentorship Programme

Under this programme, we invite our alumni from across the globe and from different fields to interact with the students and help them build their network and gain a new perspective on the possibilities open to them, after graduation.

With the students facing crossroads at every other turn and unable to choose what's best for them due to a lack of insight into how things would materialize with each road that they choose to take, it becomes crucial that they are guided by people who have faced the same crossroads during their academic life and the competitive world beyond it.

The Alumni with their vast repository of personal experiences can help improve insight among students into diverse aspects of life which include academics, extracurriculars, the professional life after college or the general way of life.

MBA

(Hospital and Health Management)

Managing Healthcare with a Difference

Dr. Sanjay Gupta

Professor & Dean Institute of Health Management
Research, IIHMR University, Jaipur

Message from Dean

Greetings from the Institute of Health Management Research (IHMR) at the IIHMR University, Jaipur.

Over the years, our flagship course- MBA in Hospital & Health Management has built its brand in the fields of hospital and healthcare. Our students are spread across India and also internationally in various healthcare and hospital settings. This has only been possible with the active support of organizations/agencies who have placed their confidence in the IHMR students and helped them get launched on a glorious career path.

IIHMRU believes in comprehensive development of its students and produces managers adept in tackling up the myriad responsibilities in the ever- growing health and hospital sectors. The teaching at IIHMRU focusses on skill development along with enhancing their knowledge. Practical exposure is given to the budding managers through case studies, field visits and most importantly through summer trainings and internships in good learning organizations. Our advantage of having multi-disciplinary faculty is reflected in the multi-dimensional development of our students and their turning out to be efficient and effective managers.

I invite the various organizations to visit us and interact with our students to give them an opportunity to contribute to your organizations and also get a chance to grow professionally.

Jai Hind

MBA (Hospital and Health Management)

MBA in Hospital and Health Management, two-year, full-time programme is designed to equip students with the skills necessary to excel in healthcare management. The industry-focused curriculum integrates management competencies with healthcare systems management, allowing students to effectively manage public health programmes, public health facilities, corporate and government hospitals, and consultancy projects. Students will be exposed to a wide range of topics such as healthcare policy, health economics, healthcare finance, healthcare operations management and other relevant courses. Our expert faculty members are passionate about sharing their knowledge and experience, ensuring that students receive the highest quality education. Our state-of-the-art facilities provide you with access to cutting-edge technology, enabling students to stay ahead of the curve. Upon completion of our programme, students will have access to lucrative career opportunities in the healthcare industry, both domestically and internationally. Students will be well-equipped to tackle the challenges that arise in the field of healthcare management, making our students a highly sought-after candidate in the job market.

Programme Educational Objectives (PEOs)

- PEO 1** \ To develop skills in planning and managing healthcare organizations.
- PEO 2** \ To participate and contribute to the formulation of public health policies.
- PEO 3** \ To enhance the decision-making and administrative competence of the students to enable them to face challenges of the healthcare industry.
- PEO 4** \ To promote knowledge through applied and conceptual research relevant to management and to disseminate this knowledge through publications.
- PEO 5** \ To collaborate with other institutions in India and abroad in furtherance of professional exposure.
- PEO 6** \ To take management education towards institution building in a meaningful manner.

Programme Outcomes (POs)

- PO 1** \ Understand the latest concepts and techniques of management and their application in making the managerial roles of the participants efficient and effective.
- PO 2** \ Develop skills of analyzing, diagnosing, and solving operational problems in the delivery of healthcare and hospital services.
- PO 3** \ Learn about appropriate strategies for effective planning, implementation and evaluation of institutional and community-based health and family welfare programme.
- PO 4** \ Learn the application of qualitative and quantitative analytical tools as applicable to health and hospital management related problems.
- PO 5** \ Understand and appreciate methodologies of health/hospital management training and develop skills with focus on strategic responsibility for training and human resource development for health care delivery.
- PO 6** \ Enlarge the outlook and vision of participants about the larger background and context of health care and health management in their historical, sociological, and cultural framework.
- PO 7** \ Learn to promote the efficient and equitable allocation of resources and development of strategies to promote public health and cost-effective healthcare.
- PO 8** \ Understand application of scientific approach to reduce cost of care through better material and money management.

MBA

(Pharmaceutical Management)

Managing Healthcare with a Difference

Dr. Saurabh Kumar

Dean, School of Pharmaceutical Management
IIHMR University, Jaipur

Message from Dean

Greetings from the School of Pharmaceutical Management, IIHMR University, Jaipur

The global and the Indian Pharmaceutical industry is undergoing a paradigm shift towards changing business representations, expanding strategic partnerships, resourced revenue models. The pharma arena is constantly evolving as each day progresses catering to the needs and aspiration of the consumers and the patients to provide advanced medications for effective disease outcome.

Today the Pharmaceutical Industry aspires to convert its strategies and planning into implementation and expects the people who are joining them to possess managerial competencies apart from technical knowhow. The Industry expects the candidates to have a in-depth understanding regarding the various domain of the pharmaceutical industry namely managing the Brand of a pharmaceutical formulation, managing the Supply Chain Management, Regulating the pharmaceutical product nationally and internationally, carrying out market research of the pharmaceutical product and a in-depth understanding of the consumer/patient behaviors towards OTC. Prescription product, Medical devices, Diagnostics, Nutraceuticals and many more.

The curriculum of MBA Pharmaceutical Management, IIHMR university, Jaipur has been designed to impart the skills desired by the various national and international pharmaceutical organization and prepares them for taking the challenging tasks desired by the organizations. They are exposed to real time case studies, group discussions, problem solving approaches which make them ready to enter Industry once they graduate from the campus. Practical exposure in the form of Summer training and Dissertation enhances their understanding of the pharmaceutical market.

The faculty of the MBA PM program are well versed in delivering the high-quality academic competency and industry proficiency in different aspects related to the area of Pharmaceutical Management and constantly guide them not even during the program but even when they enter their professional domain.

The Alumni of MBA PM program are also another significant fragment of the School and are working with several reputed Pharmaceuticals MNC & Indian firms. They are being invited in the teaching modules to keep the students abreast with the latest development in the industry and are part of Board of studies and Board of Management.

The need of the hour is to get align with the expectations of the Pharmaceutical Industry in context to the managerial challenges faced and assist them towards providing business solutions.

School of Pharmaceutical Management provides the launching pad for entering this exciting and rewarding world of Pharmaceutical Management and is ready to translate your dreams to reality.

I wish all the best for your future endeavors.

MBA (Pharmaceutical Management)

MBA in Pharmaceutical Management, two-year, full-time programme is designed to equip students with the skills necessary to excel in pharmaceutical management. The industry-focused curriculum integrates management competencies with Pharma systems management, allowing students to effectively manage pharmaceutical industry including diagnostic chains, Drug manufacturing companies, medical devices companies and consultancy projects. Students will be exposed to a wide range of topics such as Financial Management, Pharmacology and Therapeutic Management, Pharmaceutical Marketing Management, and other relevant courses. Our expert faculty members are passionate about sharing their knowledge and experience, ensuring that you receive the highest quality education. Our state-of-the-art facilities provide you with access to cutting-edge technology, enabling you to stay ahead of the curve. Upon completion of our programme, students will have access to lucrative career opportunities in the pharmaceutical management industry, both domestically and internationally. Students will be well-equipped to tackle the challenges that arise in the field of pharmaceutical management, making our students highly sought-after candidate in the job market.

Programme Educational Objectives (PEOs)

- PEO 1** \ To create student centric teaching - learning environment which prepare them to achieve their career goals.
- PEO 2** \ To select and apply suitable tools for decision making required for solving complex managerial problems.
- PEO 3** \ To organize various co-curricular and extracurricular activities to enhance students' skills and hidden talents.
- PEO 4** \ To develop sound knowledge of the business processes and inculcate creativity and innovation in the workplace.
- PEO 5** \ To produce industry ready graduates having utmost look for professional, personal and institutional integrity, social responsibility and continuous learning.
- PEO 6** \ To collaborate with industry, social organizations and academic institutions for the development of students, the institute and society at large.
- PEO 7** \ To develop professional, entrepreneurial skills and social awareness among students to mold them into a good citizen of our country.

Programme Outcomes (POs)

- PO 1** \ Understand the latest concepts and techniques of management and their application to disseminate efficient and effective managerial roles in pharma Industry.
- PO 2** \ Develop skills of analyzing, diagnosing and solving operational problems in Pharmaceutical and Healthcare organization.
- PO 3** \ Formulate appropriate strategies for effective planning, implementation and evaluation of policies in pharma sector.
- PO 4** \ Comprehend the application of qualitative and quantitative analytical tools as applicable to Pharma sectors related problems.
- PO 5** \ Use Appropriate skills to support pharmaceutical and healthcare organization to take informed decisions.
- PO 6** \ Utilize learning acquired from training and practical exposure to solve real time problem in Pharma Industry.

Our Alumni

MBA

(Development Management)

Be the change for a better world

Dr. Himadri Sinha

Dean, School of Development Studies
IIHMR University, Jaipur

Message from Dean

This is our great pleasure to present the students of MBA Development Management Batch 2022-24 for the campus placement 2023-24. These students have worked diligently and prepared themselves as the competent budding young professionals committed to contribute to the various sectors of development in India and abroad.

The development management has assumed tremendous importance as India is striving to be the five trillion-dollar economy and be the third largest economy in the world in near future. Government of India is quite emphatic that this can only be achieved through inclusive development. MBA Development Management plays pivotal role in developing managerial and leadership competencies to attain inclusive and holistic development in India. MBA Development Management is a multi-disciplinary programme which prepares professionals with specialized skill sets. These skill sets include project management, natural resource management, health, gender equality, child rights, education, community mobilization, research skills, digital analytics, management of CSR, banking, insurance, financial inclusion, small business development, social entrepreneur, implementation of sustainable development programmes, climate change resilience, disaster mitigation, making evidence-based decision and advocacy.

IIHMR University has inculcated unique blend of academic excellence with a missionary spirit in all the students. Students have been given ample opportunities to develop their proficiencies in managerial aspects, data management, development discourses, research and analytical aptitudes, managing SDGs and human rights, field exposures and industrial interface. The track records of our alumni are phenomenal. I on behalf of School of Development Studies invite all national and international NGOs, Government Organisations, and various corporate bodies to participate in our campus recruitment programme and select some of the best young professionals from IIHMR university. I wish all students a very fruitful placement season.

MBA (Development Management)

MBA in Development Management, two-year, full-time programme is designed to equip students with the skills necessary to excel in development management. The industry-focused curriculum integrates management competencies to effectively develop perspective, capacity, and skills for achieving Sustainable Development Goals (SDGs) in the 21st Century, allowing students to effectively manage Development sectors, Civil Society Organizations, Non-Profits, Corporate Social Responsibility, Businesses, Govt Development Programmes, and consultancy projects. Students will be exposed to a wide range of topics such as Development Theory, Essential of Economics, Public policy, Governance and Systems Management, Financial Management and other relevant courses. Our expert faculty members are passionate about sharing their knowledge and experience, ensuring that you receive the highest quality education. Our state-of-the-art facilities provide you with access to cutting-edge technology, enabling you to stay ahead of the curve. Upon completion of our programme, students will have access to lucrative career opportunities in the development management industry, both domestically and internationally. Students will be well-equipped to tackle the challenges that arise in the field of development management, making our students a highly sought-after candidate in the job market.

Programme Educational Objectives (PEOs)

- PEO 1** \ To create student centric teaching - learning environment which prepare them to achieve their career goals.
- PEO 2** \ To select and apply suitable tools for decision making required for solving complex managerial problems.
- PEO 3** \ To organize various co-curricular and extracurricular activities to enhance students' skills and hidden talents.
- PEO 4** \ To develop sound knowledge of the business processes and inculcate creativity and innovation in the workplace.
- PEO 5** \ To produce industry ready graduates having utmost look for professional, personal and institutional integrity, social responsibility and continuous learning.
- PEO 6** \ To collaborate with industry, social organizations and academic institutions for the development of students, institute and society at large.
- PEO 7** \ To develop professional, entrepreneurial skills and social awareness among students to mold them into a good citizen of our country.

Programme Outcomes (POs)

- PO 1** \ Develops perspective on achieving Sustainable Development Goals (SDGs) in the 21st century.
- PO 2** \ Builds knowledge competencies, analytical and creative skills for problem solving and innovating to attain sustainable development.
- PO 3** \ Prepares professionals to work in CSOs, Non-Profits, Development organizations, Businesses, Govt Development Missions, CSR, public systems.
- PO 4** \ Inculcates willingness to work in challenging geographies / contexts as it requires resilience, perseverance, emotional, social intelligence, and courage of conviction.

Student Committees and clubs

CRs: The student council is comprised of elected representatives from various classes. The class representatives are the interface between the students, faculty, and academic administration. They are responsible for coordinating the day-to-day class activities.

Place Com: The Placement Committee plays an important role in guiding and supporting students' career journeys. It actively facilitates various academic initiatives such as organizing summer training opportunities for first-year students and works diligently to secure internships and final placements. about various student affairs.

Synergy: The Alumni Relations Committee plays a significant role in encouraging collaboration and engagement between the university and its alumni. Their primary responsibilities revolve around maintaining a strong alumni network and leveraging it for the benefit of current students, the university, and fellow alumni.

iWorcon: The Workshop and Conference Committee helps students to actively participate in National and International conferences. The committee looks for such opportunities and shares them with the student community to facilitate their participation in the conferences and enrich their academic experience.

Homey: The Hostel and Mess Committee will play a crucial role in ensuring the smooth functioning of the hostel and mess facilities at IIHMR University. Under the supervision of the Chairperson of the Hostel and Mess Committee.

Archives: The Library Advisory Committee has been constituted for advising, developing, and monitoring policies for the overall development of the library in terms of collection development, processing, storage and retrieval of information.

E-Cell: The Club aims to help students to cultivate a startup business idea, teach them basic strategies like estimating costs and writing a business plan, and help them network their ideas toward sources of funding.

Spardha: The Sports Club will have the primary objective of promoting a culture of physical fitness, sportsmanship, and healthy competition among future students, faculty, and staff at IIHMR University.

Connect: The Campus Welfare and Wellness Club of IIHMR University is committed to innovating methods in favour of campus welfare. It ensures to provide a unique academic environment based on positive interaction among the students and the University. It is the head of all students extracurricular and co-curricular activities and to build and involve.

Socialspark: The Media, Web and PR Club of IIHMR University is responsible for extensive coverages of all university events. It will prepare press releases to print and digital media, and posts updates on social media about all campus activities, blood donation camps, entrepreneur meets and student achievements and university performance.

ESG Warriors: Environment and social responsibility club are voluntary student groups promoting participation of students in learning about and working toward the conservation and sustainability of the environment specially working with the village and deprived community. This club also accelerate the university activities of Unnat Bharat.

Aakriti: The Art and Cultural Club actively engage in organizing a diverse range of cultural events, fostering a vibrant atmosphere where students wholeheartedly participate in activities such as arts, painting, drama, singing, and dance. The committee aims to promote a friendly spirit among students through the organization of festivals, picnics, and various other engaging activities.

Gempower: The Gender Champions Club accordance with UGC guidelines in line with the directive of Ministry of Women and Child Development. The club aims at creating an enabling environment on campus for greater gender equality and to treat women with dignity and respect.

Shutter and Sketch: Photography is much more than just having a camera and taking pictures. Students in this club have opportunities to hone their skills by understanding and learning about what takes a good photograph, from composition to artistic expression.

About The Placement Cell

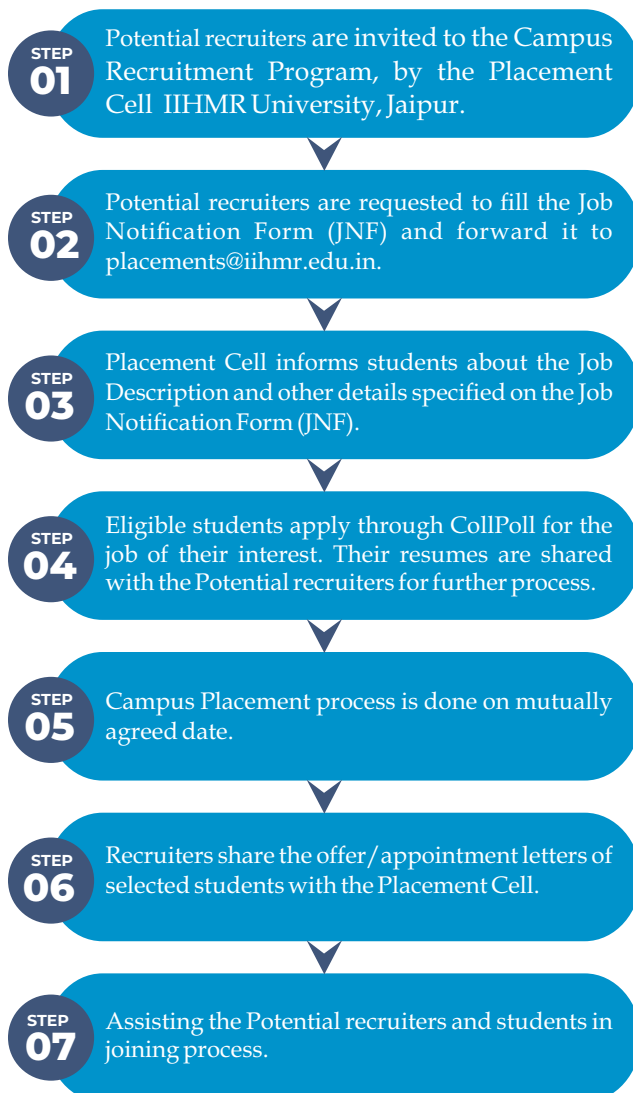

The Placement Cell at IIHMR University is playing a pivotal role in identifying and nurturing the potential of our students. Our overarching mission is to equip our students with a comprehensive blend of knowledge, thus preparing them to seamlessly adapt to the ever-evolving demands of the industry.

Our dedicated Placement Cell collaborates closely with our esteemed faculty and accomplished alumni, forming a formidable alliance geared towards shaping our students for a gratifying placement journey. We leave no stone unturned in guiding our students through the multifaceted process of preparing for their careers. This includes meticulously crafting distinctive resumes, administering regular training sessions, facilitating mock interviews and group discussions, conducting aptitude tests, and orchestrating invaluable mentoring sessions conducted by our accomplished alumni.

Furthermore, our students have the privilege of gaining invaluable hands-on experience through meaningful interactions with our extensive alumni network via webinars and specialized sessions such as 'Know Your Alumni' and "Masterclass Series" led by industry luminaries.

At IIHMRU, Placement Cell is not merely a support system; it is a nurturing ecosystem that fosters the growth and professional development of our students, ultimately empowering them to excel in their interviews and embark on fulfilling careers.

Closing Remarks

It gives me profound pleasure to introduce our batches of MBA Hospital and Health Management, MBA Pharmaceutical Management and MBA Development Management students from IIHMR University, Jaipur (IIHMRU). IIHMRU has been set up with a mission to prepare the leaders of tomorrow for the responsible health management professionals. Our goal is to:

1. Positively influence the practice of business
2. Compete fairly and
3. Collaborate closely on a global scale and scope.

IIHMRU prepares students to meet the global business and leadership challenges of tomorrow. As a corporate resource professional, I have been closely associated with these batches, living through their moments of trials and tribulations, joys and ecstasies. I have seen them evolve, over the years of their education at IIHMRU. This evolution has been facilitated through Summer Training, Dissertation and internships, Live Projects, and business incubators, which have filled them with confidence and have prepared them adequately for the corporate world. I believe that we have prepared them as responsible corporate citizens who understand the challenges of corporates and society at large.

Your organization would enable our students to realize their career potential and aspirations. I am confident that our students will, in turn contribute to the growth of your esteemed organization and make this association mutually enriching.

On behalf of the IIHMR University, I invite you to participate in the campus placement process. We look forward to your presence and contribution towards shaping the future of our students.
