MESSAGE FROM PRESIDENT

Dr. P. R. Sodani

President
IIHMR University
Jaipur

The Indian Institute of Health Management Research was founded in 1984 at Jaipur with a vision of providing unique opportunities in the field of Health and Allied sectors. Over the past 40 years, IIHMR University has established as a pioneer in the field of higher learning and offers doctoral and postgraduate degrees in Hospital and Health Care, Pharmacy, Development Management and Healthcare Analytics.

IIHMR University's vision is to improve health standards by better managing health care and related programs. It seeks to accomplish this through management research, training, consultation and institutional networking from a national and global perspective. IIHMR University creates highly knowledgeable and skilled professionals for the industry. It empowers them to find sustainable solutions to people's problems, health issues, and health transformation. Our student mix is selected through a rigorous selection process, ensuring that only the very best of the lot get into our campus. The students undergo two years of rigorous theoretical and field-based training with pilot ventures, rural practicum, and dissertation along with strategic thinking and leadership skills.

Our Esteemed Alumni are taking prime and leadership roles in leading global Hospitals, Healthcare organizations, consulting firms, pharmaceutical companies, Development organizations, Think Tanks, NGO's and various State and Central Governments organizations.

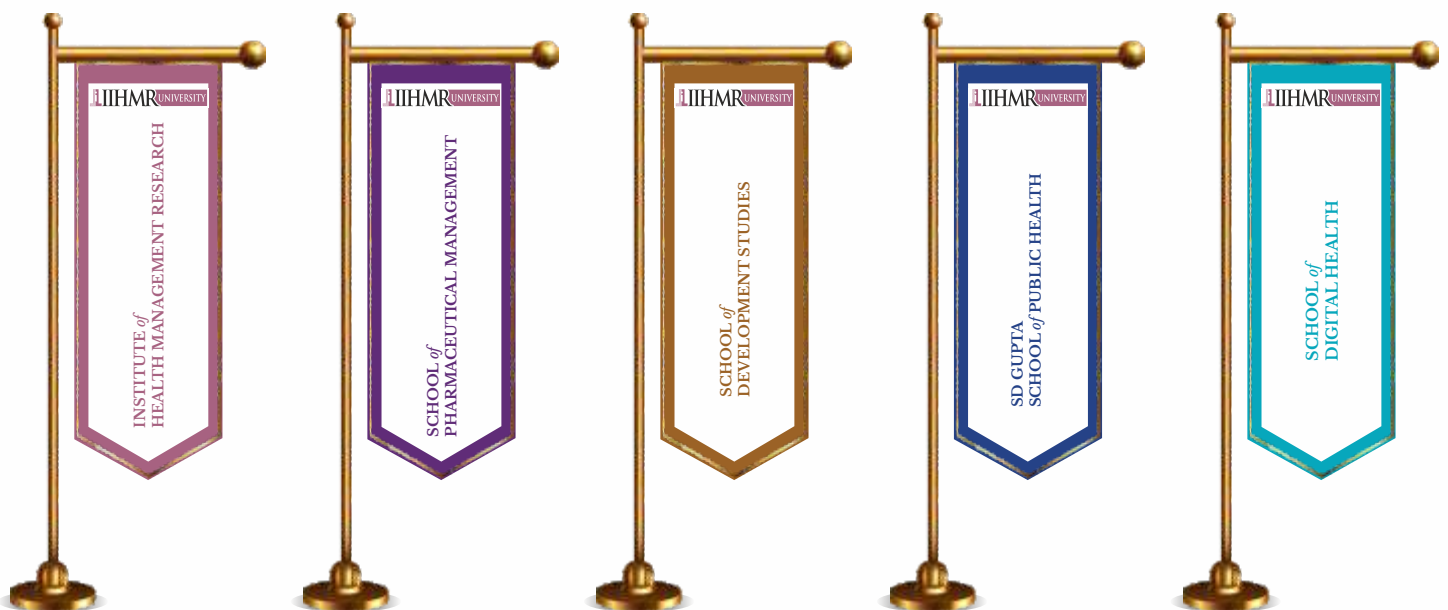

It gives me immense pleasure to welcome you to IIHMR University, interact with our committed students of batch 2023- 2025 with deep rooted human values and discover their innovative ideas, commitment, and enthusiasm in contributing and responding to the need of the hour. This selected batch is exposed to a thoroughly updated curriculum that is in sync with the demands of the modern industry scenario. I am confident that our students will contribute immensely to your esteemed organization and become assets to you.

About

IIHMR University, Jaipur

The genesis of IIHMR University dates to October 5, 1984, when its sponsoring body, the Indian Institute of Health Management Research, was established. In 2014, IIHMR University was established and incorporated as a postgraduate research university by the Government of Rajasthan vide the IIHMR University, Jaipur Act, 2014 (Act No.3, of 2014).

The University has five Schools:

IIHMR University has a multi-disciplinary faculty team, extensively engaged in academics, research, training, consultancy, partnerships, and collaborations. IIHMR University offers the following postgraduate programs: MBA (Hospital and Health Management), MBA (Pharmaceutical Management), MBA (Development Management), and MBA (Healthcare Analytics). The Johns Hopkins Bloomberg School of Public Health, USA, offers an MPH program in cooperation with IIHMR University, Jaipur. IIHMR University offers an MPH (Implementation Science) program under the WHO-TDR postgraduate training scheme.

IIHMR University offers Ph.D. programs in public health, health management, hospital management, digital health, development studies and pharmaceutical management.

IIHMR University has significantly contributed to the Executive Development and Management Development Programs by consistently engaging in EDPs/MDPs for national and international participants, working with government, national and international NGOs, and private sector organizations. Participants from more than 40 countries benefitted from the EDPs/MDPs. IIHMR University offers the following executive programs: MPH (Executive), MHA (Executive), MBA (CSR & ESG Management) (Executive), PGDM [Micro and Small Business Management (MSBM) / Banking Finance and Insurance Management (BFIM)] (Executive), Certificate Course on Digital Health and Master of Public Health Management (Executive) for Government of Odisha.

Student diversity at IIHMR University reflects the institution's commitment to providing a holistic and inclusive learning environment. This diversity, spanning geography, culture, academic backgrounds, gender, career aspirations, age, and experience, is a testament to the University's dedication to preparing future healthcare leaders who are well-rounded, culturally sensitive, and equipped to address the complex challenges of the healthcare sector on a global scale. It contributes to a vibrant, intellectually stimulating campus life that prepares students for successful healthcare management and research careers.

Vision

To become a world-class higher education institution by promoting education and research for the betterment of society.

Mission

IIHMR University is dedicated to the improvement in standards of health through better management of health care and related programmes. It seeks to accomplish this through management education, research, training, consultation, and institutional networking in a national and global perspective.

Why IIHMR University

IIHMR University has been established and incorporated as a postgraduate research University by an act of the Government of Rajasthan. IIHMR University is UGC-recognized and NAAC - accredited.

Experienced Faculty Team

The University provides quality education and has highly qualified, experienced, and well-trained faculty members who are dedicated to providing quality learning. They provide the students with the best possible guidance and support to help them achieve their goals.

Industry-oriented courses

The University provides a holistic education experience with a strong focus on experiential learning. It has several industry-oriented courses and programs, enabling students to develop their professional academic and personal skills.

Excellent Career Opportunities

The University provides its students with excellent placement & internship opportunities. With its courses, students can explore exceptional career options and gain valuable experience.

World-Class Infrastructure

The University has world-class infrastructure and state-of-the-art facilities. This includes modern classrooms, Computer labs equipped with the latest technology and software, a library with a vast collection of books and journals, sports facilities, an auditorium, a cafeteria, etc.

International Collaborations

IIHMR University, Jaipur has strong collaborations with several international universities, enabling its students to get a global perspective. This helps them gain an edge over their peers in the job market.

Strong Alumni Network

Strong alumni network of the University provides valuable opportunities for students. It gives students access to mentors and advice from experienced professionals. Our alumni network is an invaluable resource for building relationships, exchanging ideas, and pursuing professional opportunities.

Opportunities for Entrepreneurs

The University is recognized as a Host Institute by the Ministry of Micro, Small and Medium Enterprises, GOI, for implementing incubation component under the MSME innovative scheme. As a Host Institute, University is eligible to submit new innovative ideas for getting financial support.

Alumni Mentoring Programme

Alumni Mentoring Programme is a unique initiative undertaken by IIHMR University, Jaipur. Through this programme, students are connected with alumni, who serve both as guides and as sources of inspiration. The Alumni Mentoring Programme has been launched to keep the alumni connected to their alma mater as well as share their valuable experiences with the current students.

Framework of Mentorship Programme

Under this programme, we invite our alumni from across the globe and from different fields to interact with the students and help them build their network and gain a new perspective on the possibilities open to them, after graduation.

With the students facing crossroads at every other turn and unable to choose what's best for them due to a lack of insight into how things would materialize with each road that they choose to take, it becomes crucial that they are guided by people who have faced the same crossroads during their academic life and the competitive world beyond it.

The Alumni with their vast repository of personal experiences can help improve insight among students into diverse aspects of life which include academics, extracurriculars, the professional life after college or the general way of life.

Student Committees and Clubs

CRs: The student council is comprised of elected representatives from various classes. The class representatives are the interface between the students, faculty, and academic administration. They are responsible for coordinating the day-to-day class activities.

Place Com: The Placement Committee plays an important role in guiding and supporting students' career journeys. It actively facilitates various academic initiatives such as organizing summer training opportunities for first-year students and works diligently to secure internships and final placements about various student affairs.

Synergy: The Alumni Relations Committee plays a significant role in encouraging collaboration and engagement between the university and its alumni. Their primary responsibilities revolve around maintaining a strong alumni network and leveraging it for the benefit of current students, the university, and fellow alumni.

iWorcon: The Workshop and Conference Committee helps students to actively participate in National and International conferences. The committee looks for such opportunities and shares them with the student community to facilitate their participation in the conferences and enrich their academic experience.

Homey: The Hostel and Mess Committee will play a crucial role in ensuring the smooth functioning of the hostel and mess facilities at IIHMR University. Under the supervision of the Chairperson of the Hostel and Mess Committee.

Archives: The Library Advisory Committee has been constituted for advising, developing, and monitoring policies for the overall development of the library in terms of collection development, processing, storage and retrieval of information.

E-Cell: The Club aims to help students to cultivate a startup business idea, teach them basic strategies like estimating costs and writing a business plan, and help them network their ideas toward sources of funding.

Spardha: The Sports Club will have the primary objective of promoting a culture of physical fitness, sportsmanship, and healthy competition among future students, faculty, and staff at IIHMR University.

Connect: The Campus Welfare and Wellness Club of IIHMR University is committed to innovating methods in favour of campus welfare. It ensures to provide a unique academic environment based on positive interaction among the students and the University. It is the head of all students extracurricular and co-curricular activities and to build and involve.

Socialspark: The Media, Web and PR Club of IIHMR University is responsible for extensive coverages of all university events. It will prepare press releases to print and digital media, and posts updates on social media about all campus activities, blood donation camps, entrepreneur meets and student achievements and university performance.

ESG Warriors: Environment and social responsibility club are voluntary student groups promoting participation of students in learning about and working toward the conservation and sustainability of the environment specially working with the village and deprived community. This club also accelerates the university activities of Unnat Bharat.

Aakriti: The Art and Cultural Club actively engage in organizing a diverse range of cultural events, fostering a vibrant atmosphere where students wholeheartedly participate in activities such as arts, painting, drama, singing, and dance. The committee aims to promote a friendly spirit among students through the organization of festivals, picnics, and various other engaging activities.

Gempower: The Gender Champions Club accordance with UGC guidelines in line with the directive of Ministry of Women and Child Development. The club aims at creating an enabling environment on campus for greater gender equality and to treat women with dignity and respect.

Shutter and Sketch: Photography is much more than just having a camera and taking pictures. Students in this club have opportunities to hone their skills by understanding and learning about what takes a good photograph, from composition to artistic expression.

MBA

(Hospital and Health Management)

Managing Healthcare with a Difference

MESSAGE FROM DEAN

Dr. Sanjay Gupta

Professor & Dean

Institute of Health Management Research
IIHMR University, Jaipur

Greetings from the Institute of Health Management Research (IHMR) at the IIHMR University, Jaipur.

Over the years, our flagship course- MBA in Hospital & Health Management has built its brand in the fields of hospital and healthcare. Our students are spread across India and also internationally in various healthcare and hospital settings. This has only been possible with the active support of organizations/agencies who have placed their confidence in the IHMR students and helped them get launched on a glorious career path.

IIHMRU believes in comprehensive development of its students and produces managers adept in tackling up the myriad responsibilities in the ever- growing health and hospital sectors. The teaching at IIHMRU focusses on skill development along with enhancing their knowledge. Practical exposure is given to the budding managers through case studies, field visits and most importantly through summer trainings and internships in good learning organizations. Our advantage of having multi-disciplinary faculty is reflected in the multi-dimensional development of our students and their turning out to be efficient and effective managers.

I invite the various organizations to visit us and interact with our students to give them an opportunity to contribute to your organizations and also get a chance to grow professionally.

Jai Hind

MBA (Hospital and Health Management)

MBA programme in Hospital and Health Management, two-year, full-time programme is designed to equip you with the skills necessary to excel in healthcare management. The industry-focused curriculum integrates management competencies with healthcare systems management, allowing students to effectively manage public health programmes, public health facilities, corporate and government hospitals, and consultancy projects. Students will be exposed to a wide range of topics such as healthcare policy, health economics, healthcare finance, healthcare operations management and other relevant courses. Our expert faculty members are passionate about sharing their knowledge and experience, ensuring that students receive the highest quality education. Our state-of-the-art facilities provide you with access to cutting-edge technology, enabling students to stay ahead of the curve. Upon completion of our programme, students will have access to lucrative career opportunities in the healthcare industry, both domestically and internationally. Students will be well-equipped to tackle the challenges that arise in the field of healthcare management, making our students a highly sought-after candidate in the job market.

Programme Educational Objectives (PEOs)

- PEO 1** To develop skills in planning and managing healthcare organizations.
- PEO 2** To participate and contribute to the formulation of public health policies.
- PEO 3** To enhance the decision-making and administrative competence of the students to enable them to face challenges of the healthcare industry.
- PEO 4** To promote knowledge through applied and conceptual research relevant to management and to disseminate this knowledge through publications.
- PEO 5** To collaborate with other institutions in India and abroad in furtherance of professional exposure.
- PEO 6** To take management education towards institution building in a meaningful manner.

Programme Outcomes (POs)

- PO 1** Understand the latest concepts and techniques of management and their application in making the managerial roles of the participants efficient and effective.
- PO 2** Develop skills of analyzing, diagnosing, and solving operational problems in the delivery of healthcare and hospital services.
- PO 3** Learn about appropriate strategies for effective planning, implementation and evaluation of institutional and community-based health and family welfare programme.
- PO 4** Learn the application of qualitative and quantitative analytical tools as applicable to health and hospital management related problems.
- PO 5** Understand and appreciate methodologies of health/hospital management training and develop skills with focus on strategic responsibility for training and human resource development for health care delivery.
- PO 6** Enlarge the outlook and vision of participants about the larger background and context of health care and health management in their historical, sociological, and cultural framework.
- PO 7** Learn to promote the efficient and equitable allocation of resources and development of strategies to promote public health and cost-effective healthcare.
- PO 8** Understand application of scientific approach to reduce cost of care through better material and money management.

MBA (Hospital and Health Management)

MBA

(Pharmaceutical Management)

Managing Healthcare with a Difference

MESSAGE FROM DEAN

Dr. Saurabh Kumar

Dean SPM & Associate Professor
IIHMR University
Jaipur

As we all know, the healthcare landscape is evolving, which Pharmaceutical Industry is a part of. Over the years, access to healthcare and medicines has seen changing paradigms. The pharmaceutical industry is transitioning in sync with the changing market dynamics. The pharmaceutical value chain - from development of new drugs to access to medicines by patients- is rapidly transforming. Advent of new technologies and its integration into pharmaceutical value chain demands varied skill sets from the graduates in the sector. In addition to the technical skills, managerial skills play an important role in the ever-changing pharmaceutical industry.

School of Pharmaceutical Management at IIHMR University, Jaipur has been one of the pioneers in offering MBA in Pharmaceutical Management that envisages offering holistic education on managerial aspects of pharmaceutical sector.

The program spread over 6 trimesters covers various aspects of pharmaceutical management that is curated by pharmaceutical industry experts. This adds significant value while offering a wide array of sectoral knowledge to the graduates. In addition to classroom teaching, the teaching pedagogy involves case studies, debates, extempore and group discussion, problem-based learning that enhances analytical and communication skills of the learners. The internship and dissertation provide live exposure to working of pharmaceutical industry while facilitating the transition from academia to industry to the candidates.

The alumni of the school working in the pharmaceutical sector are well placed and often contribute to the overall development of the program as members of Board of Studies / Board of Management. Many alumni of the school are in leadership positions in various domains of pharmaceutical industry in India and abroad.

It gives me immense joy to welcome you to the School of Pharmaceutical Management at IIHMR University, Jaipur.

I wish all the best to our graduating students for their illustrious career.

MBA (Pharmaceutical Management)

MBA programme in Pharmaceutical Management, two-year, full-time programme is designed to equip the students with the skills necessary to excel in pharmaceutical management. The industry-focused curriculum integrates management competencies with Pharma systems management, allowing students to effectively manage pharmaceutical industry including diagnostic chains, Drug manufacturing companies, medical devices companies and consultancy projects. Students will be exposed to a wide range of topics such as Pharmaceutical Marketing Management, Pharmaceutical Consulting, Medical Devices and other relevant courses. Our expert faculty members are passionate about sharing their knowledge and experience, ensuring that you receive the highest quality education. Our state-of-the-art facilities provide you with access to cutting-edge technology, enabling you to stay ahead of the curve. Upon completion of our programme, students will have access to lucrative career opportunities in the pharmaceutical management industry, both domestically and internationally. Students will be well-equipped to tackle the challenges that arise in the field of pharmaceutical management, making our students highly sought-after candidate in the job market.

Programme Educational Objectives (PEOs)

- PEO 1** To create student centric teaching - learning environment which prepare them to achieve their career goals.
- PEO 2** To select and apply suitable tools for decision making required for solving complex managerial problems.
- PEO 3** To organize various co-curricular and extracurricular activities to enhance students' skills and hidden talents.
- PEO 4** To develop sound knowledge of the business processes and inculcate creativity and innovation in the workplace.
- PEO 5** To produce industry ready graduates having utmost look for professional, personal and institutional integrity, social responsibility and continuous learning.
- PEO 6** To collaborate with industry, social organizations and academic institutions for the development of students, institute and society at large.
- PEO 7** To develop professional, entrepreneurial skills and social awareness among students to mold them into a good citizen of our country.

Programme Outcomes (POs)

- PO 1** Understand the latest concepts and techniques of management and their application to disseminate efficient and effective managerial roles in pharma Industry.
- PO 2** Develop skills of analyzing, diagnosing and solving operational problems in Pharmaceutical and Healthcare organization.
- PO 3** Formulate appropriate strategies for effective planning implementation and evaluation of policies in pharma sector.
- PO 4** Comprehend the application of qualitative and quantitative analytical tools as applicable to Pharma sectors related problems.

MBA

(Development Management)

Be the change for a better world

MESSAGE FROM DEAN

Dr. Himadri Sinha

Professor & Dean
School of Development Studies
IIHMR University, Jaipur

This is our great pleasure to present the students of MBA Development Management Batch 2023-25 for the campus placement. These students have worked diligently and prepared themselves as the competent budding young professionals committed to contribute to the various sectors of development in India and abroad.

The development management has assumed tremendous importance as India is striving to be the five trillion-dollar economy and be the third largest economy in the world in near future. Government of India is quite emphatic that this can only be achieved through inclusive development. MBA Development Management plays pivotal role in developing managerial and leadership competencies to attain inclusive and holistic development in India. MBA Development Management is a multi-disciplinary programme which prepares professionals with specialized skill sets. These skill sets include project management, natural resource management, health, gender equality, child rights, education, community mobilization, research skills, digital analytics, management of CSR, banking, insurance, financial inclusion, small business development, social entrepreneur, implementation of sustainable development programmes, climate change resilience, disaster mitigation, making evidence-based decision and advocacy.

IIHMR University has inculcated unique blend of academic excellence with a missionary spirit in all the students. Students have been given ample opportunities to develop their proficiencies in managerial aspects, data management, development discourses, research and analytical aptitudes, managing SDGs and human rights, field exposures and industrial interface. The track records of our alumni are phenomenal. I on behalf of School of Development Studies invite all national and international NGOs, Government Organisations, and various corporate bodies to participate in our campus recruitment programme and select some of the best young professionals from IIHMR university. I wish all students a very fruitful placement season.

MBA (Development Management)

With Specializations in CSR & ESG Management (CEM) or
Micro & Small Business Management (MSBM)

Our two-year, full-time MBA in Development Management with specialization in CSR & ESG Management/ Micro and Small Business Management equips students with skills for success in managing development sectors, NGOs, CSR, businesses, and government programmes in general. In the second year students will have options to choose specialization either in CSR & ESG Management or in Micro and Small Business Management. The curriculum integrates management competencies to achieve higher Human Development Index (health, knowledge and standard of living) and Sustainable Development Goals (SDGs). Expert faculty, state-of-the-art facilities, and cutting-edge technology ensure a high-quality education. Graduates are well-prepared for lucrative career opportunities in development programme management, CSR & ESG sector and Micro and small business and rural marketing sectors both India and abroad.

Programme Educational Objectives (PEOs)

- PEO 1** To create student centric teaching - learning environment which prepare them to achieve their career goals.
- PEO 2** To select and apply suitable tools for decision making required for solving complex managerial problems.
- PEO 3** To organize various co-curricular and extracurricular activities to enhance students' skills and hidden talents.
- PEO 4** To develop sound knowledge of the business processes and inculcate creativity and innovation in the workplace.
- PEO 5** To produce industry ready graduates having utmost look for professional, personal and institutional integrity, social responsibility and continuous learning.
- PEO 6** To collaborate with industry, social organizations and academic institutions for the development of students, institute and society at large.
- PEO 7** To develop professional, entrepreneurial skills and social awareness among students to mold them into a good citizen of our country.

Programme Outcomes (POs)

On completion of the programme, graduates will

- PO 1** Develop comprehensive perspective on achieving higher Human Development Index (HDI), pertinent Sustainable Development Goals (SDGs) and higher happiness index (HI) in the 21st century.
- PO 2** Acquire knowledge, competencies, analytical and creative skills for problem solving and innovating to attain higher HDI, SDGs and happiness index (HI).
- PO 3** Foster professionalism in CSOs, Organisations for development and not for profit, Farmer producer organisations (FPOs), Micro and small businesses, Development missions of the government, CSR foundations, public systems and financial institutions.
- PO 4** Obtain willingness and competencies to work in challenging geographies/ contexts as it requires resilience, perseverance, emotional, social intelligence, and courage of conviction.

(Healthcare Analytics)

Be the change for a better world

MESSAGE FROM DEAN

Dr. Suresh Munuswamy

Professor & Dean
School of Digital Health
IIHMR University, Jaipur

Digital Health has tremendous potential that can dramatically transform India's and global health care services. Several organizations are already adopting or considering adopting digital platforms and technology led innovations to expand services, reach more people, and provide them with more useful services, including the Government of India which has launched the National Digital Health Mission.

How ever realizing the true promise and potential of digital health platforms has been a difficult and challenging path for the health care organizations due to limited understanding of health care data, substantial shortage of health analytics professionals and limited understanding of digital health processes. As the need for data driven assessments and insights expand exponentially, the health care industry is on the lookout for analytics professionals who can skillfully navigate and leverage data analytics to enhance patient outcomes, optimize operational efficiencies, and provide informed strategic decision-making.

The School of Digital Health at IIHMR, has been started to address the felt need and create the new generation of health care analysts thru our well-structured MBA Health Analytics Program. Our industry focused, case study rich, application oriented, future proof curriculum is designed from start to meet and exceed these expectations. Our program is designed to create real life application ready, health analytics professionals who can add data driven value to the organization from day one.

Throughout our program, students will engage with a comprehensive array of topics including Health Management Information Systems, Big Data in Healthcare, Healthcare Risk Management, Clinical Data Management, and other pertinent subjects. These courses are thoughtfully curated to ensure our graduates possess a robust understanding of both the theoretical and practical aspects of healthcare analytics. By addressing the specific needs of the industry, we ensure that our students are equipped with the knowledge and skills demanded by industry.

At the School of Digital Health, IIHMR University, we are committed to fostering an environment of academic excellence and innovation. We are proud to offer a program that not only addresses the current demands of the healthcare analytics industry but also anticipates future trends, preparing our students to be pioneers in this transformative field.

We invite you to join us on this exciting journey and become a part of a community that is dedicated to making a significant impact on healthcare through the power of analytics. Together, we can shape the future of healthcare and drive meaningful change for the betterment of society.

MBA (Healthcare Analytics)

The MBA Healthcare Analytics programme is a comprehensive two-year, full-time programme designed to equip you with the essential skills needed to excel in the dynamic field of healthcare analytics. This industry-focused curriculum seamlessly integrates management competencies with advanced analytics techniques, providing students with the expertise to navigate the intricate landscape of healthcare data management. Our programme prepares individuals to effectively contribute to the healthcare analytics industry by leveraging data-driven insights. Students will be exposed to a wide range of topics such as Health Management Information System, Big Data in Healthcare, Healthcare Risk Management, Clinical Data Management and other relevant courses. Our expert faculty, comprised of experts in both healthcare management and analytics, is dedicated to imparting knowledge and experience, guaranteeing a top-tier education. The state-of-the-art facilities at our institution provide students with access to cutting-edge technology, facilitating a learning environment that keeps them at the forefront of industry trends. Upon completion of our programme, students will have access to lucrative career opportunities in healthcare analytics. Students will be well-equipped to address the evolving challenges and contribute meaningfully to the burgeoning field of healthcare analytics.

Programme Educational Objectives (PEOs)

- PEO 1** \ To develop skills to make informed, data-driven decisions in healthcare management and analytics, ensuring that healthcare organizations operate efficiently and effectively.
- PEO 2** \ To develop a deep understanding of contemporary analytical concepts and techniques and apply them effectively in healthcare analytics for optimized managerial roles.
- PEO 3** \ To make competent healthcare leaders capable of managing complex healthcare organizations and programmes to improve the quality of healthcare services.
- PEO 4** \ To enhance the healthcare analytics capacity of students making them proficient in using data to identify trends, solve problems, and to improve healthcare outcomes.

Programme Outcomes (POs)

- PO 1** \ Apply advance knowledge of the healthcare analytics to foster culture of creativity and innovation in healthcare industry.
- PO 2** \ Understand data-driven strategies for efficient planning, execution, and evaluation of healthcare programmes, both institutional and community-based.
- PO 3** \ Apply data management skills to efficiently manage healthcare data, including Electronic Health Records (EHR) and Health Management Information Systems (HMIS), ensuring accurate record-keeping and secure data access for addressing complex problems in healthcare and hospital management.
- PO 4** \ Analyze and apply a strategic perspective in healthcare management, including supply chain analytics, healthcare information systems, clinical data management, risk management, ethics, and data compliance.
- PO 5** \ Develop expertise in harnessing the potential of big data for healthcare, enabling the analysis of vast datasets to derive valuable insights for healthcare management and decision support.
- PO 6** \ Create collaboration with industry and public health institutions to enhance professional exposure.

About The Placement Cell

The Placement Cell at IIHMR University plays a crucial role in recognizing and developing our students' potential. Our primary mission is to provide a well-rounded education that prepares them to adapt to the constantly changing demands of the industry. By closely collaborating with our esteemed faculty and successful alumni, our dedicated Placement Cell forms a strong alliance focused on guiding students through their career journeys.

We thoroughly support our students in every aspect of career preparation, which includes crafting unique resumes, conducting regular training sessions, facilitating mock interviews and group discussions, administering aptitude tests, and organizing valuable mentoring sessions led by our accomplished alumni. Additionally, students benefit from hands-on experiences through meaningful interactions with our extensive alumni network, including webinars and specialized programs like "Alumni Mentoring Program", "Know Your Alumni" and the "Masterclass Series" featuring industry leaders.

At IIHMRU, the Placement Cell is more than just a support system; it is a nurturing ecosystem that promotes the growth and professional development of our students, empowering them to excel in interviews and pursue fulfilling careers.

CLOSING REMARKS

Mr. Vinod Tejwani

Dean

Placements & Alumni Relations

IIHMR University, Jaipur

It gives me immense pleasure to introduce the students from our distinguished batches of MBA programs at IIHMR University, Jaipur (IIHMRU). Our MBA in Hospital and Health Management, MBA in Pharmaceutical Management, MBA in Development Management, and MBA in Healthcare Analytics students are all poised to make meaningful contributions to the healthcare sector.

At IIHMR University, we are committed to preparing the next generation of leaders in healthcare and business management. Our mission is to:

1. Positively influence business practices.
2. Compete fairly and ethically in the global arena.
3. Foster collaboration at an international level.

Over the course of their education, our students have undergone a rigorous and holistic transformation. This process has been enriched through diverse learning experiences such as Summer Training, Internships, Live Projects, Dissertations, and business incubator initiatives. These opportunities have equipped them with the necessary skills, knowledge, and confidence to thrive in the corporate world and address both business and societal challenges effectively.

Having had the privilege of working closely with these talented individuals, I can confidently affirm that they are not only prepared for the professional world, but are also committed to becoming responsible corporate citizens who can drive meaningful change.

We invite your esteemed organization to engage with our students and provide them the opportunity to realize their career potential and aspirations. In turn, we are confident that their contributions will add value to your organization, leading to a mutually beneficial association.

We look forward to the possibility of working together to shape the future of these bright, aspiring professionals.
