About IIHMR University Jaipur

The Unique Qualities that the students at the institute have to offer has attracted organizations across a multitude of sectors. Foreword over 100 industry leaders and pioneers made a total of 235 plus offers to an enthusiastic and talented pool of 263 students

For 37 years now, IIHMR University, Jaipur has consistently been at the forefront of industry excellence, nourishing student communities to bear the torch of conscious leadership. IIHMR's strong focus on ethics and corporate governance is very relevant in today's times. Year 2020 has clearly not been in favour of anyone, however, throughout this year the learning that we as a B-School and flag bearers of the institution have received has been impeccable.

Moving to a completely virtual program has never been seen in the history of IIHMR University, Jaipur legacy, but the year turned out to be as great as any other owing to the fact that we have the capability to face challenges thrown to us.

We are immensely grateful to our family of recruiters who always had faith in the collective qualities and value additions that students from IIHMR University, Jaipur bring with them.

The year saw an increase in the number of companies i.e 150 plus in total for our finals, that e-visited IIHMR University, Jaipur. Despite the lockdown and the huge dip in the economy, the relationship that IIHMR University, Jaipur shares with its recruiters has absolutely boosted metrics this year along with the trust of our new recruiting partners which we hope to continue to maintain.

Mission

IIHMR University is dedicated to the improvement in standards of health through better management of health care and related programs. It seeks to accomplish this through management research, training, consultation and institutional networking in a national and global perspective.

Vision

To emerge as a world-class post-graduate and research University in generating and disseminating knowledge and providing students a unique learning experience in management education and research that will best serve the betterment of society.

Thrust Areas

IIHMR University is engaged in policy issues, program planning, and management and capacity building in the health and related sectors. It undertakes research, training, and consulting activities in the following areas:

- Public Health and Primary Health Care
- Health and Hospital Management
- Population and Reproductive Health
- NGO Management and Networking
- Pharmaceutical Management
- Health Economics and Finance
- Policy and Program Management Research

Message from President

The world needs leaders with vision!

Business education is at an inflection point, and we at IIHMR strive to equip future leaders with competence and character to address emerging global business and social challenges.

The graduates of the IIHMR University are uniquely placed to take on the contingencies of addressing the challenges of fast emerging rural- urban continuum. They carry a powerful legacy that has been shaped over three decades of splendid success.

The IIHMR University's curriculum has retained its edge through long-term relationships with international agencies like World Health Organization (WHO) and United Nations (UN), as well as global leaders in the field of health management like Johns Hopkins University, and institutional partnerships with the private sector, government, and development organizations etc. We are certain that the graduates of this batch will rise to new heights because of the legacy they carry, their commitment, and professionalism.

Continued downward trends in the economy since 2020 have not deterred organizations from hiring talent at IIHMR. I Sincerely thank the recruiters who placed their trust in IIHMR's human capital and enabled us to once again to place maximum number of students from 2019-21 Batch in the Covid affected year.

Dr. P.R. Sodani

Sectors where students are absorbed

Our Recruiters

As we all have witnessed the pandemic situation and its impact on the economy of our nation. In these tough times, IIHMR University and the whole placement team did a great job in providing the best placements to students in leading organizations.

GURPREET SINGH
MBA-HM (2019-21)

Gurpreet Singh

I feel extremely grateful that I got an opportunity to join LUPIN LTD. I would like to thank all my professors at the School of Pharmaceutical Management for their constant support and guidance. The mock interview sessions & GD sessions conducted had helped me to improve on both my soft & hard skills. I would also like to thank the placement team @ IIHMR University which provided me with the gateway to enter the industry.

- AYUSHI TANDON

Ayushi Tandon

IIHMR has provided me with abundant opportunities to grow holistically and experience new avenues beyond academics such as live projects etc. Faculty members made sure that all the sessions are interactive and interesting. I was extremely lucky to be the part of placement committee, which gave me initial exposure to master my organizational skills.

Apart from the great mentorship, and friendship I have experienced the beautiful lush green campus that is nothing short of paradise.

Ayan Lahiri
MBA Hospital
Management

Ayan Lahiri

Journey at IIHMR university is ever memorable for it has nurtured and groomed me to a better world. It has excellent infrastructure facilities, library, sports arena and systematic process which help one to grow professionally and personally. It was only because of the support from the university that the virtual mode of academic classes went so smooth without much challenges. I would strongly acknowledge that IIHMR University is a place where one could mould to a unique shape.

Being a part of the College Placement Committee was the best part of the college life. The success of the college placement hiring is only because of the continuous support from the college side and the dedication of the complete placement department team.

AJIL R
MBA HM-24th Batch (2019-2021)

Ajil R

Myself Nikunj Parwal, student of Batch 11 in MBA - Pharmaceutical Management.

I am excited to share that I will be joining Glenmark Pharmaceuticals as a part of final placements from our college. My sincere appreciation and gratitude to all the faculties of SPM (School of Pharmaceutical Management) and to the Placement department for their efforts in imparting quality technical and aptitude training.

Thank you everyone for the seamless remote onboarding experience during this pandemic. Thankyou all for being so helpful supportive and friendly throughout this placement.

Nikunj Parwal

My experience with IIHMR - U has prepared me in unpredictable ways for my career. Even during challenging times like the COVID-19, with the whole shift of academic curriculum moving to the online mode, IIHMR delivered the highest standard of teaching with no compromise in keeping me day the collegial, creative, yet rigorous environment coming from all the sides that has played a vital role in my work making me capable of spreading positivity, instilling me the sense of passionate working by going beyond and portraying effective leadership.

I am always grateful to my alma mater.

Preetha P

PREETHA P
INSTITUTE OF HEALTH
MANAGEMENT & RESEARCH
BATCH OF 2019-2022

Two years journey with IIHMR University helped me in reinforcing my strong interest and enthusiasm to work for the development sector and I am grateful to Dean and Prof. Rahul Ghai for being an amazing mentor who always ensured a healthy environment for the effective learning and growth which eventually helped helped me to grab my first job opportunity at Pragya Foundation.
