

Student Society Focused on Environmental Sustainability

Student Society Focused on Environmental Sustainability

IIHMR University, Jaipur, actively promotes environmental sustainability through **student-led initiatives and structured engagement platforms** that encourage awareness, participation, and responsible action on sustainability issues. The University provides a **supportive campus atmosphere** where students are encouraged to take leadership roles in sustainability-oriented activities, supported by faculty mentors and institutional governance mechanisms.

Purpose of the Student Sustainability Society / Initiative

The primary purpose of the student-led sustainability initiative at IIHMR University is to:

- Engage students in **environmental awareness and action**
- Promote **sustainable campus practices**
- Encourage **community participation and social responsibility**
- Develop leadership, teamwork, and environmental ethics among students

Through these initiatives, students become part of a **like-minded group focused on sustainability**, enabling peer learning and collective action on environmental challenges.

Structure, Governance, and Stakeholders

Environmental sustainability initiatives at IIHMR University are **student-driven and institutionally supported**. Students actively participate in planning, volunteering, and implementation of activities, while **faculty coordinators, NSS units, and designated institutional committees** provide guidance, oversight, and continuity.

Governance and accountability are ensured through:

- Faculty mentors/coordinators
- Institutional committees and NSS coordination
- Documentation through event reports, photographs, attendance records, and official website uploads

This structure ensures that sustainability initiatives are **systematic, inclusive, and aligned with the University's mission and values**.

Student-Led Sustainability Activities and Events

Students at IIHMR University have played a leading role in organizing and participating in multiple sustainability-focused activities, including:

- **Tree Plantation Drives**
Promoting green cover, biodiversity awareness, and ecological responsibility.
- **World Environment Day Celebrations**
Engaging students in discussions and activities related to environmental protection and sustainable development.
- **Swachhta and Cleanliness Campaigns**
Supporting national initiatives such as Swachh Bharat Abhiyan and fostering clean campus practices.
- **Water Conservation Awareness Programmes**
Sensitizing students and the community on efficient use and conservation of water resources.
- **Sustainability and Clean Campus Campaigns**
Encouraging responsible waste management, cleanliness, and sustainable lifestyles.

These activities clearly demonstrate **active student leadership**, supported by faculty and administration, and provide tangible evidence of a sustainability-oriented campus culture.

Supportive Campus Environment

The presence of student-led sustainability initiatives at IIHMR University provides future students with meaningful opportunities to:

- Join a **community of environmentally conscious peers**
- Participate in **hands-on sustainability action**
- Contribute to campus and community environmental goals

The University's continued support through institutional frameworks, documentation, and public dissemination of activities demonstrates a **strong commitment to environmental sustainability and student empowerment**.

At IIHMR University, Jaipur, student engagement in environmental sustainability is supported through student-led platforms such as **Sankalp – Unnat Bharat Abhiyan (NSS)**, the **Campus Welfare Club**, and the **Gender Champions Club**. Through these forums, students actively

participate in tree plantation drives, cleanliness campaigns, environmental awareness programmes, and initiatives promoting inclusive and sustainable campus practices. Together, these student-driven platforms create a supportive environment where current and future students can engage with sustainability issues as part of a like-minded, faculty-mentored community, supported by institutional governance and publicly available documentation.
