Message From  
*President*

**Dr. P. R. Sodani**  
President  
IIHMR University, Jaipur

IIHMR University, Jaipur has always believed in building strong and meaningful collaborations with industry to shape future-ready leaders for the healthcare and allied sectors. As we begin the Summer Internship Process for the 2025–2027 batch, we are pleased to introduce a cohort that is academically strong, industry-oriented, and eager to learn from real-world challenges.

Our first-year curriculum ensures that students gain a solid foundation in management principles, analytical thinking, and sector-specific knowledge. The Summer Internship plays a crucial role in helping them translate this learning into practical outcomes while contributing effectively to organizational goals.

We sincerely value the continued support of our industry partners and look forward to strengthening these relationships. We also welcome new organizations to engage with our talented students and explore mutually beneficial opportunities.

We would be delighted to host you at our campus and work together toward developing competent professionals for the industry.

# About IIHMR University

The genesis of IIHMR University dates to October 5, 1984, when its sponsoring body, the Indian Institute of Health Management Research, was established. In 2014, IIHMR University was established and incorporated as a postgraduate research university by the Government of Rajasthan vide the IIHMR University, Jaipur Act, 2014 (ActNo. 3, of 2014).

The University has five Schools:

IIHMR University offers MBA (Hospital and Health Management), MBA (Pharmaceutical Management), Healthcare Analytics, MBA (Development Management) and Master of Public Health programs. The Johns Hopkins Bloomberg School of Public Health, USA, offers an MPH program in cooperation with IIHMR University, Jaipur. IIHMR University offers Ph.D. programs in Public Health, Health Management, Hospital Management, Digital Health, and Development Management.

IIHMR University offers the following executive programs: MPH (Executive), MHA (Executive), MBA CSR & ESG Management (Executive).

IIHMR University has strong collaboration with Johns Hopkins University, USA; University of Manchester, UK; Bryant University, USA; University of Montreal, Canada; Management and Science University (MSU) Malaysia; MENDEL University, Brno, Czech Republic; Duquesne University, Pennsylvania, USA; Curtin University Malaysia; Bandung Islamic University, Indonesia; Rajasthan University; and Rajasthan University of Health Sciences (RUHS) for academic advancement, student exchange, faculty exchange, and joint research programs.

Student diversity at IIHMR University reflects the institution's commitment to providing a holistic and inclusive learning environment. This diversity, spanning geography, culture, academic backgrounds, gender, career aspirations, age, and experience, is a testament to the University's dedication to preparing future healthcare leaders who are well-rounded, culturally sensitive, and equipped to address the complex challenges of the healthcare sector on a global scale. It contributes to a vibrant, intellectually stimulating campus life that prepares students for successful healthcare management and research careers.

# Why IIHMR University

IIHMR University has been established and incorporated as a postgraduate research University by an act of the Government of Rajasthan. IIHMR University is UGC-recognized and NAAC - accredited.

## Experienced Faculty Team

The University provides quality education and has highly qualified, experienced, and welltrained faculty members who are dedicated to providing quality learning. They provide the students with the best possible guidance and support to help them achieve their goals.

## Industry-oriented courses

The University offers a holistic education experience with a strong emphasis on experiential learning. Its industry-oriented programs help students develop professional, academic, and personal skills for real-world success.

## Excellent Career Opportunities

The University provides its students with excellent placement & internship opportunities. With its courses, students can explore exceptional career options and gain valuable experience.

## World-Class Infrastructure

The University has world-class infrastructure and state-of-the-art facilities. This includes modern classrooms, Computer labs equipped with the latest technology and software, a library with a vast collection of books and journals, sports facilities, an auditorium, a cafeteria, etc.

## International Collaborations

IIHMR University, Jaipur, has strong collaborations with leading international universities, providing students with a global perspective and a competitive edge in the job market.

## Strong Alumni Network

Strong alumni network of the University provides valuable opportunities for students. It gives students access to mentors and advice from experienced professionals. Our alumni network is an invaluable resource for building relationships, exchanging ideas, and pursuing professional opportunities.

## Opportunities for Entrepreneurs

The University is recognized as a Host Institute by the Ministry of Micro, Small and Medium Enterprises, GOI, for implementing incubation component under the MSME innovative scheme. As a Host Institute, University is eligible to submit new innovative ideas for getting financial support.

Jaipur

# Networking and Collaborations

# Student Committees and Clubs

To nurture an academically vibrant campus environment, students are encouraged to participate in a wide range of committees and clubs. These platforms not only enrich their learning experience but also strengthen leadership, teamwork, and managerial competencies essential for their professional growth.

## 1. Student Council:

The Student Council consists of elected representatives from each class. Serving as a vital link between students, faculty, and academic administration, class representatives coordinate day-to-day academic and student-related activities while ensuring effective communication and collaboration.

## 2. Placement Committee:

This committee plays a pivotal role in shaping students' professional journeys. It facilitates summer training for first-year students and works proactively to secure internships and final placements for second-year students. It also supports various academic and industry engagement initiatives that enhance students' career readiness.

## 3. Alumni Relations Committee:

The committee strengthens engagement with the alumni community by organising initiatives such as Know Your Alumni sessions, Masterclasses, Alumni Meets, and alumni-led interactions during conferences and webinars.

## 4. Conference Committee:

Responsible for planning and executing conferences, seminars, workshops, and webinars, the committee identifies and invites eminent speakers and encourages students to participate in national and international academic events.

## 5. Analytics Club:

The club enhances students' analytical and problem-solving capabilities through hands-on learning. It organises MasterClasses, workshops, quizzes, and interactive sessions on data-driven tools and techniques, including Excel, Power BI, LSS, and other analytical applications.

## 6. Hostel and Mess Committee:

This committee ensures the smooth functioning of campus hostels and the canteen. It monitors meal quality, minimises food wastage, and maintains hygiene and cleanliness across living and dining spaces, creating a comfortable and homely environment for students.

## 7. Library Advisory Committee:

The committee supports the development and oversight of policies that guide the continuous improvement of the library and documentation centre, ensuring access to high-quality learning resources.

# Student Committees and Clubs

## **9. Sports Club:**

The club promotes physical fitness, teamwork, and healthy competition by organising a variety of sports events and encouraging active participation across campus.

## **10. Campus Welfare and Wellness Club:**

Focused on student well-being, the club fosters a supportive and positive environment. It oversees the functioning of the Health & Wellness Centre and conducts initiatives that promote mental and physical well-being.

## **11. Media, Web, and PR Club:**

This club manages the university's student-led print and digital communication. It captures and shares campus events, achievements, and activities—including blood donation drives, entrepreneurial meets, and student accomplishments—through various media platforms.

## **12. Art and Cultural Club:**

Dedicated to promoting creativity and cultural expression, the club organises events in art, painting, drama, singing, dance, and more. It also coordinates festivals, picnics, and social events that build camaraderie and cultural appreciation.

## **13. Gender Champions Club:**

This club strives to create an inclusive and gender-sensitive campus environment. It promotes gender equality, respect, and dignity for all, especially women, through various awareness and leadership initiatives.

## **14. Unnat Bharat Abhiyan & NSS Club:**

Aligned with national initiatives, the club encourages social responsibility and community engagement. Activities include cleanliness drives, blood donation camps, health awareness programs, and rural outreach under Unnat Bharat Abhiyan. These efforts strengthen students' commitment to social welfare and nation-building in collaboration with local communities and NGOs.

## MBA (Hospital and Health Management)

MBA programme in Hospital and Health Management, two-year, full-time programme is designed to equip you with the skills necessary to excel in healthcare management. The industry-focused curriculum integrates management competencies with healthcare systems management, allowing students to effectively manage public health programmes, public health facilities, corporate and government hospitals, and consultancy projects. Students will be exposed to a wide range of topics such as healthcare policy, health economics, healthcare finance, healthcare operations management and other relevant courses. Our expert faculty members are passionate about sharing their knowledge and experience, ensuring that students receive the highest quality education. Our state-of-the-art facilities provide you with access to cutting-edge technology, enabling students to stay ahead of the curve. Upon completion of our programme, students will have access to lucrative career opportunities in the healthcare industry, both domestically and internationally. Students will be well-equipped to tackle the challenges that arise in the field of healthcare management, making our students a highly sought-after candidate in the job market.

### Programme Educational Objectives (PEOs)

- PEO 1** \ To develop skills in planning and managing healthcare organizations.
- PEO 2** \ To participate and contribute to the formulation of public health policies.
- PEO 3** \ To enhance the decision-making and administrative competence of the students to enable them to face challenges of the healthcare industry.
- PEO 4** \ To promote knowledge through applied and conceptual research relevant to management and to disseminate this knowledge through publications.
- PEO 5** \ To collaborate with other institutions in India and abroad in furtherance of professional exposure.
- PEO 6** \ To take management education towards institution building in a meaningful manner.

# MBA (Hospital and Health Management)

## Programme Outcomes (POs)

- PO 1** Understand the latest concepts and techniques of management and their application in making the managerial roles of the participants efficient and effective.
- PO 2** Develop skills of analyzing, diagnosing, and solving operational problems in the delivery of healthcare and hospital services.
- PO 3** Learn about appropriate strategies for effective planning, implementation and evaluation of institutional and community-based health and family welfare programme.
- PO 4** Learn the application of qualitative and quantitative analytical tools as applicable to health and hospital management related problems.
- PO 5** Understand and appreciate methodologies of health/hospital management training and develop skills with focus on strategic responsibility for training and human resource development for health care delivery.
- PO 6** Enlarge the outlook and vision of participants about the larger background and context of health care and health management in their historical, sociological, and cultural framework.
- PO 7** Learn to promote the efficient and equitable allocation of resources and development of strategies to promote public health and cost-effective healthcare.
- PO 8** Understand application of scientific approach to reduce cost of care through better material and money management.

# MBA (Pharmaceutical Management)

MBA programme in Pharmaceutical Management, two-year, full-time programme is designed to equip the students with the skills necessary to excel in pharmaceutical management. The industry-focused curriculum integrates management competencies with Pharma systems management, allowing students to effectively manage pharmaceutical industry including diagnostic chains, Drug manufacturing companies, medical devices companies and consultancy projects. Students will be exposed to a wide range of topics such as Pharmaceutical Marketing Management, Pharmaceutical Consulting, Medical Devices and other relevant courses. Our expert faculty members are passionate about sharing their knowledge and experience, ensuring that you receive the highest quality education. Our state-of-the-art facilities provide you with access to cutting-edge technology, enabling you to stay ahead of the curve. Upon completion of our programme, students will have access to lucrative career opportunities in the pharmaceutical management industry, both domestically and internationally. Students will be well-equipped to tackle the challenges that arise in the field of pharmaceutical management, making our students highly sought-after candidate in the job market

## Programme Educational Objectives (PEOs)

- PEO 1** \ To create student centric teaching - learning environment which prepare them to achieve their career goals.
- PEO 2** \ To select and apply suitable tools for decision making required for solving complex managerial problems.
- PEO 3** \ To organize various co-curricular and extracurricular activities to enhance students' skills and hidden talents.
- PEO 4** \ To develop sound knowledge of the business processes and inculcate creativity and innovation in the workplace.
- PEO 5** \ To produce industry ready graduates having utmost look for professional, personal and institutional integrity, social responsibility and continuous learning.
- PEO 6** \ To collaborate with industry, social organizations and academic institutions for the development of students, institute and society at large.
- PEO 7** \ To develop professional, entrepreneurial skills and social awareness among students to mold them into a good citizen of our country.

## Programme Outcomes (POs)

- PO 1** \ Understand the latest concepts and techniques of management and their application to disseminate efficient and effective managerial roles in pharma Industry.
- PO 2** \ Develop skills of analyzing, diagnosing and solving operational problems in Pharmaceutical and Healthcare organization.
- PO 3** \ Formulate appropriate strategies for effective planning implementation and evaluation of policies in pharma sector.
- PO 4** \ Comprehend the application of qualitative and quantitative analytical tools as applicable to Pharma sectors related problems.
- PO 5** \ Use Appropriate skills to support pharmaceutical and health care organization to take informed decisions.
- PO 6** \ Utilize learning acquired from training and practical exposure to solve real time problem in Pharma Industry.

# MBA (Pharmaceutical Management)

## Programme Structure

- Research Methods
- Regulatory Environment for Pharma Business
- Financial Management
- Marketing Analytics
- Business Development for Pharmaceutical Industry
- Digital Health

### Summer Training

### Second year

#### TERM 4

- Product and Brand Management
- Clinical Research and Development
- Management Information System
- Entrepreneurship
- Promotion of Medical Devices in Hospitals

#### TERM 5

- Pharma Sales and Distribution Management
- Cost and Managerial Accounting in Pharma
- Strategic Management
- Supply Chain Management in Pharma
- Pharmaceutical International Business Management

#### TERM 6

- Sustainability and Circular Economy
- Drug and Public Health Policy
- Project Management
- Business Data Analytics
- Consumer Behaviour in Pharma
- Market Access of Pharmaceutical Products
- Quality Management
- Elective 1
- Elective 2

# MBA Healthcare Analytics

The MBA Healthcare Analytics programme is a comprehensive two-year, full-time programme designed to equip you with the essential skills needed to excel in the dynamic field of healthcare analytics. This industry-focused curriculum seamlessly integrates management competencies with advanced analytics techniques, providing students with the expertise to navigate the intricate landscape of healthcare data management. Our programme prepares individuals to effectively contribute to the healthcare analytics industry by leveraging data-driven insights. Students will be exposed to a wide range of topics such as Health Management Information System, Big Data in Healthcare, Healthcare Risk Management, Clinical Data Management and other relevant courses. Our expert faculty, comprised of experts in both healthcare management and analytics, is dedicated to imparting knowledge and experience, guaranteeing a top-tier education. The state-of-the-art facilities at our institution provide students with access to cutting-edge technology, facilitating a learning environment that keeps them at the forefront of industry trends. Upon completion of our programme, students will have access to lucrative career opportunities in healthcare analytics. Students will be well-equipped to address the evolving challenges and contribute meaningfully to the burgeoning field of healthcare analytics.

## Programme Educational Objectives (PEOs)

- PEO 1** \\ To develop skills to make informed, data-driven decisions in healthcare management and analytics, ensuring that healthcare organizations operate efficiently and effectively.
- PEO 2** \\ To develop a deep understanding of contemporary analytical concepts and techniques and apply them effectively in healthcare analytics for optimized managerial roles.
- PEO 3** \\ To make competent healthcare leaders capable of managing complex healthcare organizations and programmes to improve the quality of healthcare services.
- PEO 4** \\ To enhance the healthcare analytics capacity of students making them proficient in using data to identify trends, solve problems, and to improve healthcare outcomes.

## Programme Outcomes (POs)

- PO 1** \\ Apply advance knowledge of the healthcare analytics to foster culture of creativity and innovation in healthcare industry.
- PO 2** \\ Understand data-driven strategies for efficient planning, execution, and evaluation of healthcare programmes, both institutional and community-based.
- PO 3** \\ Apply data management skills to efficiently manage healthcare data, including Electronic Health Records (EHR) and Health Management Information Systems (HMIS), ensuring accurate record-keeping and secure data access for addressing complex problems in healthcare and hospital management.
- PO 4** \\ Analyze and apply a strategic perspective in healthcare management, including supply chain analytics, healthcare information systems, clinical data management, risk management, ethics, and data compliance.
- PO 5** \\ Develop expertise in harnessing the potential of big data for healthcare, enabling the analysis of vast datasets to derive valuable insights for healthcare management and decision support.
- PO 6** \\ Create collaboration with industry and public health institutions to enhance professional exposure.

# MBA Healthcare Analytics

## Programme Structure

### First year

#### TERM 1

- Universal Human Values and Ethics
- Health Policy and Health Care Delivery System
- Bio-Statistical reasoning for Healthcare analytics
- Essentials of Demography
- Essentials of Epidemiology
- Business Communication
- Principles of management

#### TERM 2

- Essentials of Health Economics and Financing
- Human Resource Analytics
- Database management system in Health
- Corporate Finance Analytics
- Qualitative Data Analysis

#### TERM 3

- Research Methods
- Basics of Data Analysis
- Data Visualisation with Tableau and Power BI
- Data security and Privacy
- Clinical Data Management

### Summer Training

### Second year

#### TERM 4

- Digital Health
- R for Analytics
- Python for Analytics
- Predictive Analytics and Forecasting
- Healthcare Ethics and Data compliance

#### TERM 5

- Artificial Intelligence and Machine Learning
- Big Data in Healthcare
- Data Warehousing and Management
- Health Economics and Outcome research
- Systematic review and meta-analysis

#### TERM 6

- Randomized Control Trials and Diagnostic Test
- Data Simulation Lab
- Marketing Analytics
- Deep learning and Neural networks for Healthcare analytics

# MBA (Development Management)

With Specializations in CSR & ESG Management (CEM) or Micro & Small Business Management (MSBM)

Our two-year, full-time MBA in Development Management with specialization in CSR & ESG Management/ Micro and Small Business Management equips students with skills for success in managing development sectors, NGOs, CSR, businesses, and government programmes in general. In the second year students will have options to choose specialization either in CSR & ESG Management or in Micro and Small Business Management. The curriculum integrates management competencies to achieve higher Human Development Index (health, knowledge and standard of living) and Sustainable Development Goals (SDGs). Expert faculty, state-of-the-art facilities, and cutting-edge technology ensure a high-quality education. Graduates are well-prepared for lucrative career opportunities in development programme management, CSR & ESG sector and Micro and small business and rural marketing sectors both India and abroad

## Programme Educational Objectives (PEOs)

- PEO 1** \ To create student centric teaching - learning environment which prepare them to achieve their career goals.

---

- PEO 2** \ To select and apply suitable tools for decision making required for solving complex managerial problems.

---

- PEO 3** \ To organize various co-curricular and extracurricular activities to enhance students' skills and hidden talents.

---

- PEO 4** \ To develop sound knowledge of the business processes and inculcate creativity and innovation in the workplace.

---

- PEO 5** \ To produce industry ready graduates having utmost look for professional, personal and institutional integrity, social responsibility and continuous learning.

---

- PEO 6** \ To collaborate with industry, social organizations and academic institutions for the development of students, institute and society at large.

---

- PEO 7** \ To develop professional, entrepreneurial skills and social awareness among students to mold them into a good citizen of our country.

# MBA (Development Management)

With Specializations in CSR & ESG Management (CEM) or Micro & Small Business Management (MSBM)

## Programme Outcomes (POs)

On completion of the programme, graduates will

- PO 1** // Develop comprehensive perspective on achieving higher Human Development Index (HDI), pertinent Sustainable Development Goals (SDGs) and higher happiness index (HI) in the 21st century.
- PO 2** // Acquire knowledge, competencies, analytical and creative skills for problem solving and innovating to attain higher HDI, SDGs and happiness index (HI).
- PO 3** // Foster professionalism in CSOs, Organisations for development and not for profit, Farmer producer organisations (FPOs), Micro and small businesses, Development missions of the government, CSR foundations, public systems and financial institutions.
- PO 4** // Obtain willingness and competencies to work in challenging geographies/ contexts as it requires resilience, perseverance, emotional, social intelligence, and courage of conviction.

# Master of Public Health

The two-year, full time Master of Public Health (MPH) program equips students with essential public health competencies through rigorous training in areas like Epidemiology, Biostatistics, Health Systems, and Policy. After foundational coursework, students may pursue a general MPH or specialize in Implementation Science (MPH-IS). This dual-path structure enables graduates to address real-world health challenges, either as broadly skilled public health professionals or as specialists driving innovative, practical solutions in public health implementation.

## Program Structure

# About The Placement Cell

The Placement Cell at IIHMR University plays a crucial role in recognizing and developing our students' potential. Our primary mission is to provide a well-rounded education that prepares them to adapt to the constantly changing demands of the industry. By closely collaborating with our esteemed faculty and successful alumni, our dedicated Placement Cell forms a strong alliance focused on guiding students through their career journeys.

We thoroughly support our students in every aspect of career preparation, which includes crafting unique resumes, conducting regular training sessions, facilitating mock interviews and group discussions, administering aptitude tests, and organizing valuable mentoring sessions led by our accomplished alumni. Additionally, students benefit from hands-on experiences through meaningful interactions with our extensive alumni network, including webinars and specialized programs like "Alumni Mentoring Program", "Know Your Alumni" and the "Masterclass Series" featuring industry leaders.

At IIHMRU, the Placement Cell is more than just a support system; it is a nurturing ecosystem that promotes the growth and professional development of our students, empowering them to excel in interviews and pursue fulfilling careers.
