## PMA 2020: Family Planning, Water Sanitation and Hygiene (WASH)

PMA2020 uses innovative mobile technology to support low-cost, rapid-turnaround surveys to monitor key indicators for family planning and water, sanitation and hygiene (WASH). The project is implemented by the local university and research organizations in 11 countries, deploying a cadre of female resident enumerators trained in mobile-assisted data collection. PMA2020/India is implemented by the Indian Institute of Health Management Research (IIHMR) in Jaipur, with the endorsement and technical support provided by the International Institute for Population Sciences (IIPS) and the Ministry of Health and Family Welfare (MOHFW). Overall direction and support is provided by the Bill and Melinda Gates Institute for Population and Reproductive Health and the Johns Hopkins University Water Institute and at the Johns Hopkins Bloomberg School of Public Health through a grant from the Bill and Melinda Gates Foundation.
