I am proud that IIHMR University provides best of the practical and industry-focused education which attracts best students. Our perseverance and endeavor are guided by our vision to transform our students' lives through exemplary education and training in their journey of discovery, understanding, awareness and perfection of cutting-edge knowledge, skills and competencies. IIHMR has state of the art infrastructure, facilities, ambiance and organizational culture to nurture your thinking. Our focus is to groom young future leaders who are value driven human beings and competent professionals with deep passion for humanity, who will lead the world.

The IIHMR University take pride in creating a critical mass of young professional managers in the health and allied sectors globally. Our Alumni are taking prime roles in leading hospitals, healthcare organizations, consulting firms, pharmaceutical industries, developmental organizations, and various state governments, viz; Gujarat, Assam, Madhya Pradesh, Rajasthan and Odisha etc.

In today’s world where global connections have unprecedented access to global opportunities and in these times of creative managerialism and innovation, the graduates of the IIHMR University are uniquely placed to take on the contingencies of addressing the challenges of fast emerging rural-urban continuum. They carry a powerful legacy that has been shaped more than three decades of splendid success.

Besides offering our own programs, we also conduct training programs for organizations specifically tailored to suit their requirements.

It is a great privilege for me to introduce you to these extraordinary young talented professionals committed to delivering outcomes with rigor.
Programs Offered

MBA Hospital and Health Management
Duration: 02 Year | Fee: ₹ 9,60,000

MBA Hospital and Health Management is the University’s flagship educational program which aims to develop professional managers with requisite skills in planning, implementation, operational management, diagnosis and problem solving, consultancy, and entrepreneurship. Through this rigorous program, graduates can manage hospitals and healthcare institutions globally, both in the public and the private sectors, thus meeting the demand for quality healthcare management.
