How Self-Reliant are we in Plasma Products in India

This is to inform that **IIHMR University, Jaipur**, is organizing an upcoming session under the **Master Class Series – Episode 19** on the topic *“How Self-Reliant are we in Plasma Products in India.”*

The session is designed to provide insights into India’s current capabilities in producing plasma-derived medicinal products (PDMPs), assess the gaps in plasma fractionation infrastructure, and explore strategies to enhance domestic production and reduce dependency on imports. It will also highlight the importance of strengthening healthcare security and achieving pharmaceutical self-reliance through innovation, policy support, and improved healthcare infrastructure.
