

Management Development Programme on Strategic Cost Management

October 07-09, 2026

Background

The Management Development Programme (MDP) on Strategic Cost Management aims to equip learners with the knowledge and practical skills to manage costs and make strategic decisions using cost information. This programme combines practical applications and case-based learning to help learners effectively apply cost management principles in business settings. It also explores cost management's role in managerial decision-making, helping learners apply cost analysis to practical business problem-solving.

Objectives

The programme seeks to:

-  To provide a framework for the learners to understand importance of cost management.
-  To provide conceptual and practical understanding of cost concepts and cost structure.
-  To enable learners to gain hands-on experience on application of costing techniques for decision making.
-  To enable learners to make strategic decisions using cost information in the business setting.

Contents

-  **01** Foundations of Cost Management 
-  **02** Cost-Volume-Profit & Sensitivity Analysis 
-  **03** Strategic Decision-Making Using Cost information 

Pedagogy

The programme offers a multifaceted learning experience through lectures, group discussions, case studies, and hands-on experiential learning. Participants are immersed in a dynamic learning environment designed to foster theoretical understanding, actionable real-world insights, and service-ready skills.

Who Should Attend?

Mid-level managers, entrepreneurs, research scholars, and other professionals interested in enhancing their strategic decision-making related to cost management.
