

Management Development Programme on **Research for Impact:**

Designing, Implementing, and Translating Evidence

 January 11 - 15, 2027

Background

Robust research and high-quality evidence are fundamental to addressing complex public health challenges, informing policy decisions, and enhancing healthcare delivery systems. However, a persistent gap remains between the generation of scientific knowledge and its practical translation into actionable, scalable policy and health interventions. High-impact public health research requires not only rigorous epidemiological study designs and biostatistical analysis, but also robust ethical oversight, strategic data management, and intentional translation frameworks.

This three-day intensive Management Development Programme (MDP) is specifically designed to equip public health researchers, practitioners, academic faculty, and healthcare professionals with comprehensive skills to design methodologically sound studies, navigate institutional ethics, manage complex data, and effectively translate research findings into meaningful health system outcomes.

Objectives

- Understand foundational principles of high-impact research design, including observational, experimental, and systematic review methodologies.
- Formulate robust research questions, analytical frameworks, and appropriate biostatistical approaches tailored to public health priorities.
- Navigate biomedical research ethics, ethical committee Standard Operating Procedures (SOPs), informed consent processes, and conflict of interest guidelines.
- Utilize statistical tools and frameworks for clinical data management, survival analysis, meta-analysis, and evidence synthesis.
- Develop evidence-translation strategies and policy briefs to effectively bridge the gap between research outcomes and public health implementation.

Contents

Research Design & Conceptualization

Advanced Data Management & Statistical Analysis

Research Ethics & Institutional Oversight

Systematic Reviews & Evidence Synthesis

Translating Research into Policy & Practice

Pedagogy

The programme offers a multifaceted learning experience through lectures, group discussions, case studies, and hands-on experiential learning. Participants are immersed in a dynamic learning environment designed to foster theoretical understanding and actionable real-world insights.

Who Should Attend?

This programme is specifically designed for:

- Public Health Researchers, Epidemiologists, and Biostatisticians
- Faculty members, Postdoctoral Fellows, and Doctoral Scholars from Medical, Dental, Nursing, and Public Health Institutions
- Healthcare Administrators, Hospital Managers, and Quality Assurance Officers
- Research Officers and Program Managers in NGOs, Development Partners, and Global Health Organizations
- Public Health Officials, National Health Mission (NHM) Personnel, and Policy Analysts

Programme Coordinator

Dr. Anupam Mehrotra
Assistant Professor
IIHMR University, Jaipur

The programme will be offered by a team of national and international subject experts.

Nominations/Registration

Please send your nominations/registrations to the following address:

Management Development Programme Office

IIHMR University

1, Prabhu Dayal Marg, Sanganer Airport
Jaipur - 302029, INDIA | Tel: +91-141-3924700

Mobile: +91 9116006536

E-mail: training@iihmr.edu.in

Duration and Venue

The programme will start on Monday, January 11, 2027, and will conclude on Friday, January 15, 2027. The programme will be held at IIHMR University, 1, Prabhu Dayal Marg, Sanganer Airport, Jaipur - 302029. The University campus provides a conducive learning environment for participants, who are welcome to use the library and recreational facilities available on campus.

Programme fee

The programme fee for Indian participants is Rs. 30,000 plus GST (18% as applicable), and for international participants it is USD 315 plus GST (18% as applicable). The programme fee covers tuition, background reading material, lodging, and boarding.

Certificate

A certificate of participation on completion of the programme will be issued by IIHMR University, Jaipur.

Discounts on Fee

- 🌟 **Early Bird Discount:** Nominations received with payment before four weeks of the commencement of the programme will be entitled to a 10% early bird discount.
- 🌟 **Group Discount:** Any organization sponsoring four or more participants to the programme will be entitled to a 20% discount on the total fee payable, provided that at least four participants attend the programme.
- 🌟 **Maximum Discount:** Organizations can avail themselves of both discounts, subject to a maximum discount of 20%.
