• IIHMR University signs MoU with Curtin University Malaysia.
• The partnership will offer exchange opportunities, joint research initiatives and specialized training programs for both students and faculty members.

Jaipur, September 19, 2024: IIHMR University, a leading health management research university in Jaipur, announced a strategic Memorandum of Understanding (MoU), with Curtin University, Malaysia, one of the top universities worldwide. The collaboration is set to provide students and faculty with exceptional development opportunities to enhance their future and position them as individuals capable of significantly contributing across various domains in diverse roles.

The alliance is meticulously designed to offer both the students and the faculty members with life-altering experiences through exchange opportunities, joint research initiatives and specialized training programs.

Expressing his excitement at the mark of this new beginning, Dr. PR Sodani, President of IIHMR University shared, "Over the years we at IIHMR University have been constantly working to provide best opportunities to our students and give best professional development to our faculty members. This MoU is a testament of our dedication to fulfill our promise and exceed our pre-set standards. By joining our collective expertise we are leveraging our resources to stride ahead and create an ecosystem of continuous development. I look forward to formulating innovative research and training programs with Curtin University."

This thoughtfully formulated partnership marks a significant step toward fostering academic collaboration, joint research initiatives, and the exchange of knowledge and expertise between the two prestigious institutions. Harnessing the joint power, both the universities aim to drive impactful advancements in education, research, and sustainable development, paving the way for innovative solutions to global challenges.

During Malaysia visit, the delegation from IIHMR University also participated in the GlobeSync Community Research and Sustainability Conference, organized by Curtin University, held from September 3-4, 2024. Dr. P.R. Sodani, delivered a powerful & impactful keynote address titled "Bridging Gaps for SDGs through Transforming Management Education: A Strategic Pathway to a Sustainable Future". His visionary insights highlighted the critical role of innovative management education in driving the Sustainable Development Goals (SDGs) and charting a strategic course toward a more sustainable global future.
