# A PREMIER B-SCHOOL WITH 40 YEARS OF LEGACY IN HEALTH MANAGEMENT

## IHMR University setting new benchmarks in health and development management

IHMR University Jaipur is revolutionizing management education in India's critical sectors—health and development—through innovative, research-driven teaching and robust industry-academia partnerships. Established as a post-graduate research university by the Government of Rajasthan, IHMR University is at the forefront of educational quality in these burgeoning sectors, which are one of the largest in India's economy by revenue and employment. This growth creates ample opportunities for students in government, for-profit, and non-profit organizations.

IHMR University offers a wide range of postgraduate and research programs. These include the MBA (Hospital and Health Management), MBA (Pharmaceutical Management), MBA (Development Management) with specializations in CSR & ESG Management and Sustainable Business Management, MBA (Healthcare Analytics) and Master of Public Health offered by Johns Hopkins University, USA, in cooperation with IHMR University and Master of Public Health (Implementation Science). Additionally, the university also offers Executive Master's Degree programs for working professionals i.e. Master of Public Health (Executive) and Master of Hospital Administration (Executive) and Ph.D. program for experienced candidates.

In response to industry demand, IHMR University has launched new executive program, MBA (Executive) CSR & ESG Management. Alongside these, new online certificate programs have been introduced, covering topics such as digital health, generative AI in health, healthcare operations management, sustainable governance and ESG, and HR Analytics. These programs are designed to provide working professionals with the latest skills and knowledge needed to perform well in their careers.

A significant recent development at IHMR University is the launch

IHMR UNIVERSITY CAMPUS

of the School of Digital Health. This initiative aims to equip students with the skills and knowledge required to lead in the digital transformation of healthcare. The new School of Digital Health has launched MBA in Healthcare Analytics, addressing the growing demand for professionals adept at handling big data and analytics in the health sector.

IHMR University has consistently been ranked among the top universities in India and internationally. It holds the 2nd rank nationally and 1st in Rajasthan in the category Private Medical and Life Sciences University according to the Education World Ranking 2023/24. The Times Higher Education Impact Ranking 2024 ranked it ranked 100-150 Globally and Band 1 in Good health well being is 100,000th. These rankings reflect the university's commitment to quality in education and its significant impact on health and development sectors.

The university's collaboration with Johns Hopkins University, USA, enhances its educational and research programs. With a vast network of over 1,000 alumni in leadership positions across national and international health and development organizations, IHMR University remains a beacon of excellence in these fields. This strong global collaboration underscores the university's dedication to providing quality education and fostering international partnerships.

IHMR University offers scholarships worth Rs. 3.17 Crore for 2025-27 to be provided to meritorious students, including full tuition fee scholarships for socially challenged (SC-ST-OBC) and Economically Weaker Sections (EWS) students. These scholarships aim to support deserving students in achieving their educational goals and contributing to the health and development sectors. Admissions are now open for the 2025-27 academic session for all full-time, executive and certificate programs at IHMR University, Jaipur.
