Event Details & Description:

The objective of the workshop was to develop understanding of gender champion schemes among the selected junior students and to identify social and cultural constructs of gender that shape the experiences of boys and girls to the University context; and to plan activity calendar (tentative) for January-March 2026.

The workshop started with introduction and welcome by Senior GCs where they talked about the aims and objectives of the workshop. Dr Rahul Sharma and Dr Nutan gave a brief introduction of the Gender Champion Scheme, and an overview of the roles and responsibilities of the GC members.

Various videos about gender sensitization were shown to understand the concepts of gender, and the gender spectrum. The form was circulated to the gender champions to use their gender lenses in the various areas of the University campus (canteen, library, classroom, public spaces, etc) where they might have some concerns.

They were also asked to share their ideas to observe some national and international days during January-March 2026.
