## IIHMR University and Shobhit University Sign 3-Year MoU to Promote Interdisciplinary Healthcare Learning

By India Education Diary Bureau | MARCH 19, 2026

Jaipur : IIHMR University, has signed a three-year Memorandum of Understanding (MoU) with Shobhit University, aimed at fostering academic collaboration, research engagement, and knowledge exchange in the field of health management and allied areas.

The collaboration seeks to strengthen cooperation through joint research initiatives, faculty exchange programmes, student engagement activities, and collaborative academic endeavours. Both institutions will work together to organize workshops, seminars, conferences, training programmes, and other academic activities to promote innovation, capacity building, and interdisciplinary learning.

Dr. P. R. Sodani, President, IIHMR University, "We strongly believe that collaborative engagements are essential to address the evolving challenges of the healthcare sector. The collaboration will not only enhance learning opportunities for students and faculty but also contribute to developing innovative, evidence-based solutions for the healthcare ecosystem."

The MoU was formally signed between Dr. P. R. Sodani, President, IIHMR University, Jaipur, and Prof. Ranjit Singh, Vice Chancellor, Shobhit University.
