Scholarships and Access to Education

Reaffirming its commitment to equity and inclusion, IIHMR University offers merit scholarships for meritorious students and full tuition fee waiver scholarships for students from socially and economically weaker sections of society. These initiatives ensure that talent and commitment—rather than financial constraints—define access to high-quality education in health and development. For details, visit: www.iihmr.edu.in

Visionary Leadership

In the evolving landscape of health management, Professor P. R. Sodani, President of IIHMR University, Jaipur, stands as a transformative academic leader and institution builder. A distinguished Health Economist and Public Health Professor with over three decades of experience, Professor Sodani has mentored generations of faculty, students, and research scholars while providing strategic leadership across academics, research, training, fundraising, and global partnerships. His visionary approach has been instrumental in shaping IIHMR University's growth trajectory and fostering a culture of excellence, innovation, and societal relevance.

Professor Sodani holds an academic appointment with the Department of International Health at the Johns Hopkins Bloomberg School of Public Health in the USA and is the Founder-Director of the Centre for Health Economics at IIHMR University. He is also the Co-Founder and Director of the IIHMR Foundation. With a PhD in Health Economics and an MPH from the University of North Carolina at Chapel Hill, USA, he brings a deep global perspective to institutional leadership. As Associate Editor of the Journal of Health Management (SAGE Publications) and author of *Managing Quality in Health Care*, his scholarly contributions are widely recognised. Professor Sodani has worked extensively with organisations such as Johns Hopkins University, the World Bank, WHO, Bill & Melinda Gates Foundation, UNICEF, UNFPA, and national and state governments.

Currently, he serves as the Secretary-General of the South-East Asia Public Health Education Institutions Network *SEAPHEIN), advancing public health education across the region.

"Professor P. R. Sodani's visionary leadership has transformed IIHMR University into a globally respected institution shaping the future of health and development management."

Professor P. R. Sodani
President, IIHMR University, Jaipur

Legacy in Health Management Research

At a time when health systems worldwide are being reimagined and public health has emerged as a defining global priority, the role of institutions shaping health leadership has never been more critical. For over four decades, IIHMR University, Jaipur, has stood at the forefront of this transformation within India's higher education landscape. Built on a 40-year legacy of academic excellence, policy relevance, and social commitment, the University has consistently contributed to strengthening health systems through education, research, training and networking.

Anchored in rigorous scholarship and informed by real-world impact, IIHMR University has evolved into a pioneering institute for health management, public policy, and systems thinking. As it reflects on four decades of purposeful engagement and looks ahead to the future, the University remains committed to its mission to nurture visionary leaders, generate actionable knowledge, and drive innovations that advance equitable, resilient, and sustainable health systems—serving not only the needs of India, but contributing meaningfully to global health goals.
