A1 SUMMARY

- IIHMR University will host the Career Architects' Conclave 2026 on May 16 to assist students with career planning.
- The event's theme, 'The Course Compass,' focuses on mapping high-growth careers in a post-AI world.
- Attendees will participate in a Career Diagnostic Session to gain clarity on their career paths.
- The conclave will also provide networking opportunities for students to connect with peers and faculty.

Jaipur, Rajasthan, India - IIHMR University is set to host the Career Architects' Conclave 2026 on May 16, dedicated to helping students navigate the complexities of career planning in a rapidly evolving world. The event promises personalized guidance amid technological changes reshaping career paths.

The central theme, 'The Course Compass: How to Map High-Growth Careers in a Post-AI World,' will guide discussions on emerging job opportunities in industries like healthcare, pharmaceutical management, and data analytics. A Career Diagnostic Session aims to equip attendees with clear career directions.

In addition to insightful sessions, the conclave will offer networking opportunities, allowing students to connect with peers and faculty. Dr. PR Sodani, President of IIHMR University, emphasized the event's role in preparing students for automation-driven industry changes, providing them with the tools for informed decision-making.
