IIHMR University, through the SD Gupta School of Public Health (SDG-SPH), organized an online poster-making competition to commemorate World Health Day 2026, which is observed every year on April 7 to mark the founding of the World Health Organization. The competition was themed "**Science in Action for a Healthier Tomorrow**", encouraging participants to creatively interpret the role of science in improving health outcomes, highlighting real-world applications such as vaccination, digital health, and surveillance

The competition aimed to foster creativity and promote awareness regarding the role of science in advancing a healthier future, reflecting the University's continued commitment to promoting scientific awareness, creativity, and community engagement through meaningful academic and outreach activities.

Competition Structure:

Category 1: School Students (Up to Class 12)

Category 2: College Students & Working Professionals

The competition invited participation from across India, encouraging participants to communicate a clear public health message and showcase innovations in health through visual storytelling.

Submission Guidelines:

Participants submitted handmade posters on chart paper through an online platform. Submissions required a high-resolution scan or photo (all four edges visible) in JPEG, PNG, or PDF format (maximum 50 MB), saved in the format: Name_Category_Title. Each participant could submit only one entry, and all work had

to be original (no plagiarism or AI-generated content). Poster sizes allowed were Small (28x43 cm), Medium (46x61 cm), or Large (61x91 cm).

Prizes: The competition featured cash prizes and certificates for winners:

- 1st Prize: Rs. 5,000/-
- 2nd Prize: Rs. 3,000/-
- 3rd Prize: Rs. 1,000/-

Evaluation Process:

After the submission deadline, all entries were reviewed for originality, and the best submissions were shortlisted for jury evaluation.

Participation:

The competition attracted enthusiastic participation from across the country, receiving over 60 from students and professionals from various states.

Outcomes: The initiative successfully fostered creativity and public health awareness among students and young professionals. It reinforced the University's outreach efforts in community engagement and scientific communication, attracting participants from diverse age groups and professional backgrounds across India.
