Address 1, Prabhu Dayal Marg, Near Sanganer Airport, Jaipur – 302029

2. EVENT DETAILS

IIHMR Startup organised the **Regional Roundtable Consultation on India's National AI Strategy for Health (NAISH)** on Thursday, 8 January 2026, at IIHMR University, Jaipur, with the support of the Indian Council of Medical Research – National Institute for Research in Digital Health and Data Science (ICMR–NIRDHDS), as part of the national strategy development process.

The consultation brought together key stakeholders to contribute region-specific insights on priorities, innovations, and governance experiences to ensure regional diversity, contextual relevance, and operational feasibility of the Strategy. The event served as an important platform for dialogue on the role of Artificial Intelligence in strengthening health systems and shaping future-ready digital health policy.

The discussions were structured around the five pillars of the Strategy: Data and Digital Infrastructure; Governance, Ethics and Policies; Workforce and Capacity Building; Research, Innovation and Evidence Generation; and Health Systems Integration and Impact. These thematic pillars helped frame comprehensive deliberations on the opportunities, requirements, and practical challenges associated with implementing AI in healthcare.

Dr. P. R. Sodani, President, IIHMR University, Jaipur, delivered the opening remarks. Dr. Amit Yadav, Mission Director, Rajasthan, gave the special address and interacted with the participants, enriching the consultation with strategic and policy-level perspectives.

The activity reflected IIHMR University's commitment to innovation, digital health leadership, and evidence-based policy engagement in the evolving field of AI for health.
