2. EVENT DETAILS

IIHMR University, Jaipur, hosted a delegation of promoted IAS officers under the 128th Induction Training Programme on February 17, 2026. The visit provided an opportunity for the officers to gain exposure to IIHMR University's work in health management, public health, research, education, and capacity building.

The interaction served as a platform for sharing perspectives on contemporary issues related to public administration and the health and development sectors. The visit also enabled the participating officers to understand the role of academic and research institutions in supporting evidence-based policymaking, effective programme implementation, and improved public service delivery.

During the programme, the delegation was introduced to the academic and institutional activities of IIHMR University. Discussions focused on the relevance of health management education, research, and professional training in strengthening governance and improving outcomes in the health and allied sectors.

The visit encouraged knowledge exchange between the visiting officers and representatives of IIHMR University. It also highlighted the importance of collaboration among government institutions, academic organisations, and development stakeholders for addressing complex challenges in public health and administration.

Overall, the visit was an academically enriching and professionally relevant engagement. It strengthened IIHMR University's interface with public administrators and reaffirmed the University's commitment to contributing to capacity building and evidence-informed governance in the health and development sectors.
