

# Online Certificate Programmes 2026 - 27

## About IIHMR University

Established in 2014 by the Government of Rajasthan and built upon the legacy of the Indian Institute of Health Management Research founded in 1984, IIHMR University, Jaipur is India's premier postgraduate research university dedicated to health management, public health, pharmaceutical management, development studies, and digital health. Guided by its vision of becoming a world-class institution through education and research for societal well-being, the University has spent over four decades advancing healthcare systems through academic excellence, research, training, consultancy, and institutional collaboration. Today, the University comprises five specialized schools, offering postgraduate, doctoral, and executive education programmes that prepare professionals to address emerging challenges in healthcare and allied sectors.

IIHMR University is internationally recognized for its strong research ecosystem, extensive collaborations with government agencies, multilateral organizations, and leading global universities, including its long-standing partnership with Johns Hopkins University. The University has successfully trained health professionals and policymakers from more than 40 countries and continues to contribute to evidence-based policymaking through its specialized research centres. Consistently ranked among India's leading institutions for health management education, IIHMR University has been recognized as India's No. 1 Health Management University by EducationWorld (2025 and 2026) and has earned global recognition in the Times Higher Education Impact Rankings for its contributions to Sustainable Development Goal 3 (Good Health and Well-being). Through its commitment to innovation, interdisciplinary learning, and industry engagement, the University continues to develop future-ready leaders capable of transforming healthcare systems in India and across the world.

| #  | Programme Name                                                     | Programme Coordinator   | Duration (3 Months)     | Fee for Indian Participants (INR)* | Fee for Foreign Participants (USD)* |
